Story And Situation Narrative Seduction And The Power Of Fiction:

Story and Situation Ross Chambers,1900 Studies the relation between teller and listener in a set of French English and American short stories from the nineteenth and early twentieth centuries *Story and Situation* Ross Chambers,1984

Narrative Desire and the Book of Ruth Stephanie Day Powell,2018-02-22 Stephanie Day Powell illuminates the myriad forms of persuasion inducement discontent and heartbreak experienced by readers of Ruth Writing from a lesbian perspective Powell draws upon biblical scholarship contemporary film and literature narrative studies feminist and queer theories trauma studies and psychoanalytic theory to trace the workings of desire that produced the book of Ruth and shaped its history of reception Wrestling with the arguments for and against reading Ruth as a love story between women Powell gleans new insights into the ancient world in which Ruth was written Ruth is known as a tale of two courageous women the Moabite Ruth and her Israelite mother in law Naomi As widows with scarce means of financial or social support Ruth and Naomi are forced to creatively subvert the economic and legal systems of their day in order to survive Through exceptional acts of loyalty they along with their kinsman Boaz re establish the bonds of family and community while preserving the line of Israel s great king David Yet for many the story of Ruth is deeply dissatisfying Scholars increasingly recognize how Ruth s textual gaps and ambiguities render conventional interpretations of the book s meaning and purpose uncertain Feminist and queer interpreters question the appropriation of a woman s story to uphold patriarchal institutions and heteronormative values Such avenues of inquiry lend themselves to questions of narrative desire that is the study of how stories frame our desires and how our own complex longings affect the way we read *Transnationalism and Resistance: Experience and Experiment in Women's Writing* Adele Parker,Stephenie Young,2013 This study presents a unique collection of essays which focus on the relationships among form aesthetics and transnational women s writing produced in recent years The essays in this volume treat literary works from diverse cultures and geographies concentrating on the intersections of theory and literature This results in a wide spectrum of identities and texts including the work of Swedish poet Aase Berg the Indian translation market the Chicana novel creative non fiction by Croatian writer Dubravka Ugre ic and multilingual hybrid texts by Theresa Hak Kyung Cha in order to provide a framework for an overarching theory of transnationalism as it interacts with newer paradigms of gendered identity and the new forms of literature to which they contribute Transnationalism and Resistance offers a multifaceted approach to transnational studies and constitutes a cogent analysis of the ways in which women s writing informs contemporary global literary Production This volume is of interest for scholars in women s studies literature the social sciences cultural studies and all other fields that take an interest in writing that addresses contemporary global issues *The Fantastic in France and Russia in the 19th Century* Claire Whitehead,2017-12-02 Hesitation between a natural or supernatural interpretation of fictional events is the life blood of the fantastic but just how is this hesitation provoked In this detailed and insightful study Claire Whitehead uses examples from nineteenth century French and Russian

literature to provide a range of narrative and syntactic answers to this question A close reading of eight key works by Alexander Pushkin Vladimir Odoevskii Nikolai Gogol Fedor Dostoevskii Theophile Gautier Prosper Merimee and Guy de Maupassant illustrates how ambiguity is provoked by such factors as point of view multiple voice and narrative authority The analysis of hesitation experienced in works depicting madness or ironic self consciousness advocates the inclusion in the genre of previously marginalized texts The close comparison of works from these two national traditions shows that the fundamental discursive features of the fantastic do not belong to any one language

Fictions of Proximity Tim Person, 2023-11-02 Fictions of Proximity Skepticism Romanticism and the Wallace Nexus tells the story of a nexus of contemporary novelists around David Foster Wallace who took up the legacy of logical positivism and reworked it between the 1980s and the 2000s in a way that has affinities with romanticism The book shows how the writers of this Wallace nexus use fiction's complexities to challenge the idea that in human interactions only complete fusion and transparency may count as instances of knowing In place of this positivistic ideal of absorption the book offers the freshly defined concept of proximity a closeness with separateness It reads key novels of contemporary Anglo American literature as fictions of proximity i e as texts that dramatize problematize and enact the movement into this position of proximity To tell this story the book draws on unpublished archival materials and understudied connections advancing new interpretations of four novelists David Foster Wallace David Markson Bret Easton Ellis and Zadie Smith Fictions of Proximity provides new readings of these writers both of their canonical texts and of lesser known works and situates them with respect to prominent figures in contemporary post positivist philosophy

The Cambridge Companion to the French Novel Timothy Unwin, 1997-10-28 This volume offers a unique and valuable insight into the novel in French over the past two centuries In a series of essays acknowledged experts discuss a variety of topics including nineteenth century

realism women and fiction popular fiction experiment and innovation war and the Holocaust the Francophone novel and postmodern fiction They offer a challenging reassessment of major figures while deliberately reading traditional views of literary history against the grain Theoretical discussion is combined with close reading of texts and exploration of context comparison with other genres and other literatures and reference to novels from earlier periods This companionable introduction includes a chronology and guide to further reading From it emerges a strong sense of the vitality and energy of the modern French novel and of the debates surrounding it *Narratives, Politics, and the Public Sphere* Agnes S.M.

Ku,2018-08-16 Published in 1999 the book invites readers to rethink about the contemporary form of politics in terms of the cultural and narrative logics of public discourse The author proposes that the notions of public and narrative are central to understanding the discursive formation of public opinion Incorporating a reformulated conception of the public into a theory of narrative progression Dr Ku explains 1 the interaction between narrative construction and political conflicts in politics of public credibility and 2 the progressive or narrative formation of the force of the public out of the struggle as well as its power over the positioning and re positioning of the actors Using the method of textual interpretation of newspaper discourses she analyzes the interplay between politics and the public by delving into the continuously changing narrative contexts wherein the controversy over governor Patten s reform proposals unfolded in Hong Kong between 1992 and 1994

Dubliners' Dozen Gerald Doherty,2004 Traditional readings of Dubliners have entrapped themselves in easy identifications with the narrator in the stories Later critics have used strong overarching theories to explore the techniques through which the narrator produces these reductive effects This study applies a different contemporary theoretical lens to each of the stories **Truth from a Lie** Margaret Key,2011-05-05 Critics typically regard Abe Kobo 1924 93 as writing against realism due to his avant garde aesthetics that challenged the Naturalist realism dominating the literary mainstream and the Socialist realism of the orthodox Left in postwar Japan He considered his work thoroughly realist however and starting in the early 1950s in a series of avant garde art and literary groups he championed the possibility of a vital contemporary realism that challenged the reader to question the reality represented in the text through increasingly self conscious writing strategies Through a reassessment of the texts in which he worked out his theory of realism this study traces the development of his commitment to making truth from a lie to fiction drama and reportage that openly display their artifice Key argues that the reflexivity of Abe s texts which lay bare their own processes of artificial construction in order to reflect how our everyday sense of reality is constructed and maintained created a critical space for metatextual ideas that were not acknowledged by the literary establishment of his time and have yet to be recognized by critics today Undergirding his theory and practice of realism was a critique of conventional documentary and of the classic detective story The texts examined here expose the degree to which the documentarian and the detective are active fabricators of meaning rather than neutral observers of fact By paying close attention to the tension between the documentary and the fictive in Abe s

works Key draws out the ethical implications of his documentary approach arguing persuasively that the documentary qualities of his writing such as its valorization of objectivity over psychologism and the realm of concrete things over abstraction are strategies for challenging the dominant assumptions about what constitutes good ethics and good art as well as the relationship between these two spheres Truth from a Lie explores the ways in which Abe put documentary and the de

The Culture of Literacy Wlad Godzich, 1994 At the onset of modernity in the sixteenth century literature and history were wrenched apart Wlad Godzich one of the animators of the turn toward literary theory seeks to restore historical consciousness to criticism after a period of its painful repression In this sweeping study he considers the emergence of the modern state the institutions and disciplines of culture and learning as well as the history of philosophy the history of historiography and literary history itself He offers a powerful account of semiotics an important critical perspective on narratology a profound discussion of deconstruction and many brief practical demonstrations of why Kant Hegel Heidegger and de Man remain essential resources for contemporary critical thought The culture of literacy is on the wane Godzich argues Throughout the modern period language has been the institution that provided the condition of possibility for all other institutions from university to church to state but the pervasive crisis of meaning we now experience is the result of a shift in the modes of production of knowledge The culture of literacy has been faced with transformations it cannot accommodate and the existing organization of knowledge has been challenged By wedding literature to a reflective practice of history Godzich leads us toward a critique of political reason and a profound sense of how postmodernity can overcome by deftly sidestepping the modern This book will bring to a wider audience the work of a writer who is recognized as one of the most commanding figures of his generation for range learning and capacity of innovation *An Introduction to Literature, Criticism and Theory* Andrew Bennett, Nicholas Royle, 2016-03-02 Lively original and highly readable An Introduction to Literature Criticism and Theory is the essential guide to literary studies Starting at The Beginning and concluding with The End chapters range from the familiar such as Character Narrative and The Author to the more unusual such as Secrets Pleasure and Ghosts Now in its fifth edition Bennett and Royle's classic textbook successfully illuminates complex ideas by engaging directly with literary works so that a reading of Jane Eyre opens up ways of thinking about racial difference for example while Chaucer Raymond Chandler and Monty Python are all invoked in a discussion of literature and laughter The fifth edition has been revised throughout and includes four new chapters Feelings Wounds Body and Love to incorporate exciting recent developments in literary studies In addition to further reading sections at the end of each chapter the book contains a comprehensive bibliography and a glossary of key literary terms A breath of fresh air in a field that can often seem dry and dauntingly theoretical this book will open the reader's eyes to the exhilarating possibilities of reading and studying literature Models of Reading Martha J. Koehler, 2005 Models of Reading will be of interest to Richardson Burney and Laclos scholars as well as specialists in the history of the novel the culture of sensibility epistolary fiction gender and theories

of reading Koehler's arguments incorporate much recent criticism of eighteenth century fiction making this study a useful compendium even beyond the value of its own findings Jacket
