Word and Phrase Patterns in Current American English John Newton Winburne, 1951 **Legends of Auryona: Return of the Queen** T. D. WULF, 2011-10 From tattered scrolls through time and war many of the legends of Auryona have survived The Return of the Queen is one such legend Just days after Eire's King fell in battle the country was plunged into terror The queen and princess were missing and Prince Terquin announced that they had left in the night and were presumed dead Years went by and tyranny war and bloodshed mixed with rumors that the queen still lived Terquin and Hrolf fought over their father's throne using the people as their weapons It seemed as if nothing could be done to save the people and the land from the darkness that shrouded them One man broke away from Terquin and waged his own war Morgard loyal to the king and queen served Terquin for too long He broke ranks and set out for eastern Eire There he will make his stand there he will wait for his Queen Morgard's actions will turn the tables on Terquin The new shift in power and loyalty will open the door for the queen to return Her return to her land will not be the end of the story They will not simply yield the throne to her The battle to reclaim the throne will shape Eire's future
