The Arab World Halim Barakat,1993-10-14 This wide ranging examination of Arab society and culture offers a unique opportunity to know the Arab world from an Arab point of view Halim Barakat an expatriate Syrian who is both scholar and novelist emphasizes the dynamic changes and diverse patterns that have characterized the Middle East since the mid nineteenth century The Arab world is not one shaped by Islam nor one simply explained by reference to the sectarian conflicts of a mosaic society Instead Barakat reveals a society that is highly complex with many and various contending polarities It is a society in a state of becoming and change one whose social contradictions are at the root of the struggle to transcend dehumanizing conditions Arguing from a perspective that is both radical and critical Barakat is committed to the improvement of human conditions in the Arab world

Leopoldo Zea Solomon Lipp,2006-01-01 The author analyzes Mexican national identity in the context of the philosophy of Leopoldo Zea contemporary Mexican thinker He attempts to establish national character traits peculiar to Mexico using sociological psychological historical and philosophical approaches He then shows how Zea deals with the problem of Mexican identity and how he relates specifically Mexican concepts to universal philosophic and historic thought Ranging widely over many disciplines this scholarly study will be particularly valuable to readers familiar with philosophy sociology and psychology

Armies of Sand Kenneth Michael Pollack,2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties *Armies of Sand* Kenneth M Pollack's powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the

Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945

define what it means to be Arab He begins with pre Islamic times and continues to the last decades of the twentieth century quoting thinkers ranging from Ibn Khaldun to modern writers such as al Ansari Haykal Ahmad Amin al Azm and Said Through their works Rejwan shows how Arabs have grappled with such significant issues as the influence of Islam the rise of nationalism the quest for democracy women s status the younger generation Egypt s place in the Arab world Israel s role in Middle Eastern conflict and the West s cultural invasion By letting Arabs speak for themselves Arabs in the Mirror refutes a prominent Western stereotype that Arabs are incapable of self reflection or self government On the contrary it reveals a rich tradition of self criticism and self knowledge in the Arab world Arab Attitudes to Israel Yehoshafat Harkabi,2017-09-08 Because of recent changes in the explicitly declared goals of Arabs in the Palestinian conflict this book is of singular importance and no scholar or expert on Middle East affairs can afford to ignore it This work by a scholar described as the doyen of Israeli Arabists is the result of vast research into the attitude of the Arabs toward Israel manifested both in their declared explicit aims and in ideological exegeses on the roots of the Palestinian problem Approximately one hundred twenty books written by Arabs and the Arab press and radio are herein analyzed Harkabi s searching examination is objective His detection of consistent patterns in what at first seems amorphous is convincing If there is such a thing as a science of political psychology Harkabi is its master Arabs at War ,2004-01-01 Kenneth M Pollack formerly a Persian Gulf military analyst at the CIA and Director for Persian Gulf Affairs at the National Security Council describes and analyzes the military history of the six key Arab states Egypt Iraq Jordan Libya Saudi Arabia and Syria during the post World War II era He shows in detail how each Arab military grew and learned from its own experiences in response to the specific objectives set for it and within often constrained political economic and social circumstances This first ever overview of the modern Arab approach to warfare provides a better understanding of the capabilities and limitations of the Arab militaries some of which are the United States most likely adversaries and some of which are our most important allies **Asian and African Studies** meisai.org.il, Temperament and Characters of the Arabs Sonia Hamady,1960 Confidence Building Measures In The Middle East Gabriel Ben-dor,2019-03-11 Confidence Building Measures CBMs were pioneered in Europe at the height of the Cold War The immediate goal of such measures is to create enough trust between parties in international conflicts to avoid mutually unfavourable sometimes dangerous outcomes due to misunderstandings The long term goal of CBMs is to move the contending parties closer Understanding Arabs Margaret Kleffner Nydell,1996 This guide is designed for Westerners planning to visit live or work in the Maghreb and the Middle East The author has great experience of Arab culture and describes the patterns of change that have influenced the Arab world in recent times She also analyzes basic Arab values religious beliefs and self perceptions **Between Argentines And Arabs** Christina Civantos,2006-01-01 Examines the presence of Arabs and the Arab world in nineteenth and twentieth century Argentine literature by juxtaposing works by Argentines of European descent and those written by Arab immigrants in Argentina **Mothers and Daughters**

Jankowski, 1987-01-29 Throughout the 20th century Egyptian nationalism has alternately revolved around three primary axes a local Egyptian territorial nationalism a sense of Arab ethnic linguistic nationalism and an identification with the wider Muslim community This detailed study is devoted to the first major phase in the perennial debate over nationalism in modern Egypt the territorial nationalism dominant in Egypt in the early 20th century The first section of the book examines the effects of World War I and its aftermath which temporarily gave rise to an exclusively Egyptianist national orientation in Egypt Subsequent sections consider the intellectual and political dimensions of Egyptian interwar years *Egypt Islam and the Arabs* is the first volume in a new Oxford series Studies in Middle Eastern History The General Editors of the series are Bernard Lewis of Princeton University Itamar Rabinovich of Tel Aviv University and Roger M Savory of the University of Toronto Theory, Politics, and the Arab World Hisham Sharabi, 1990 Representing some of the best of the innovative work in Middle East studies *Theory Politics and the Arab World* is a comprehensive multidisciplinary effort to reconstruct the field The contributors utilize a new criticism largely fashioned by the concepts and vocabularies of postmodern paradigms Continental theory neo Marxism structuralism poststructuralism and feminist theory *Cultural Journeys into the Arab World* Dalya Cohen-Mor, 2018-07-11 *Cultural Journeys into the Arab World* provides a fascinating window into Arab culture and society through the voices of its own writers and poets Organized thematically the anthology features more than fifty texts including poems essays stories novels memoirs eyewitness accounts and life histories by leading male and female authors from across the Arabic speaking world Each theme is explored in several genres both fiction and nonfiction and framed by a wealth of contextual information that places the literary texts within the historical political cultural and social background of the region Spanning a century of Arab creative writing from the dean of Arabic letters Taha Hussein to the Nobel laureate Naguib Mahfouz and the celebrated poet Adonis the anthology offers unforgettable journeys into the rich and dynamic realm of Arab
