extracts from his essays and journals compiled by his best friend and biographer Sumita Oyama and elegantly translated by William Scott Wilson Santoka was a literary prodigy but a notoriously disorganized human being By his own admission he was incapable of doing anything other than wandering the countryside and writing verses Although Santoka married and had a son he devoted his life to poetry studying Zen drinking sake and wandering the length and breadth of the Japanese islands on foot as a mendicant monk The poet's life alternated between long periods of solitary retreat and restless travel influenced by his tragic childhood When not on the road he lived in simple grass huts supported by friends and family Santoka was a lively conversationalist who was often found so drunk he could only make it home with the help of a friendly neighbor or passerby But above all throughout his life he wrote constantly poetry and essays flowed from him effortlessly Santoka's eccentric style of haiku is highly regarded in Japan today for being truly modern and free from formal constraints His journals and essays are equally thought provoking the musings of an unkempt but supremely self-conscious mind on everything from writing to cooking rice and his failure to live a more orderly life This translation and its introduction are by best-selling author William Scott Wilson whose other works include *The Book of Five Rings* and *The Lone Samurai* Wilson provides sensitive renditions of the haiku illustrating Santoka's life as well as an extensive introduction to the influences on Santoka's work from contemporary haiku poets and his Buddhist teachers Alongside the book readers have access to a two-hour online audio recording of 331 of Santoka Taneda's haiku read in Japanese by a native speaker and in English [Haiku](#)
