our decision to persist in our quest for excellence is almost always based on a love affair a fascination with the creatures of our planet and a need to share this feeling the best way we know how So said wildlife artist Robert Kuhn 1920 2007 who spent a lifetime sketching and painting animals and generously mentoring other artists Bob Kuhn Drawing on Instinct presents a generous sampling of his rarely seen sketches alongside the vibrant paintings for which he is best known Appearing in conjunction with a traveling exhibit mounted by the National Museum of Wildlife Art in Jackson Wyoming this book allows readers to observe the artistic process of one of the greatest wildlife artists of our time Curator Adam Duncan Harris provides an introduction and a biography of Kuhn along with an examination of his working method In addition Bob Kuhn features four substantive essays by leading authorities on American art James H Nottage of the Eiteljorg Museum of American Indians and Western Art Amy Scott of the Autry National Center Lisa M Strong of the Corcoran Gallery of Art and Todd Wilkinson of Wildlife Art Journal and other publications These contributions written from a variety of art historical perspectives set Kuhn s oeuvre within the cultural context in which he worked and deepen our understanding of his achievements Complementing the essays are brief appreciations by six of Kuhn s contemporaries and three samples of the artist s own writing Bob Kuhn Drawing on Instinct offers a compelling blend of the artist s finished paintings and finest sketches works of art in their own right This lavishly illustrated book is a fitting tribute that will further establish Bob Kuhn s place in the pantheon of late twentieth century American artists **Man the Hunted** Donna Hart, 2018-04-17 Man the Hunted argues that primates including the earliest members of the human family have evolved as the prey of any number of predators including wild cats and dogs hyenas snakes crocodiles and even birds The authors studies of predators on monkeys and apes are supplemented here with the observations of naturalists in the field and revealing interpretations of the fossil

record Eyewitness accounts of the man the hunted drama being played out even now give vivid evidence of its prehistoric significance This provocative view of human evolution suggests that countless adaptations that have allowed our species to survive from larger brains to speech stem from a considerably more vulnerable position on the food chain than we might like to imagine The myth of early humans as fearless hunters dominating the earth obscures our origins as just one of many species that had to be cautious depend on other group members communicate danger and come to terms with being merely one cog in the complex cycle of life *Up the Mountains of India* Mala Kumar,2022-04-25 How did a whale go up the Himalayas Where would you find a spider shaped like the Sorting Hat in Harry Potter stories On which peaks and slopes can you find both snow and coffee beans sometimes Up which hill is the observatory that helped to sight a super Neptune sized planet Put on your climbing boots to find out hundreds of fascinating facts about our country s best known mountain ranges the Himalayas the Trans Himalayas the Aravallis the Vindhya the Satpuras the North east mountains the Eastern Ghats and the Western Ghats Find out how each range was formed discover the plants trees and wildlife on them and do your bit to save them from getting destroyed Meet amazing communities who live in harmony with nature even now Clap for the scientists who look under rocks and into tree holes for new species of flora and fauna And once you have worked up an appetite the yummy dishes of the hills will fill you right up bamboo biryani anyone From ice stupas and battles in the snow to floating schools and Titanosaurus eggs from wool gatherers and medicine makers to the fastest diving bird and a tiger that could win the Best Dad award this book filled with photos and illustrations will take you on an exciting climb up and down the mountains of India Dalit Literature Amar Nath Prasad,M.
