Only the rich are invited only the strongest survive Fame Money Success Lori wants them Aurora is being destroyed by them and Stevie s got them at her best friend s expense These three women are drawn unwittingly to the shores of Temptation Island all looking for their own truth The Wilding of America Charles Derber,2006-05-17 The American dream champions individualism But at what price In this book the author chronicles the latest incidents of wilding Extreme acts of self interested violence and greed that seem to signal an eroding of the moral landscape of American society The author argues that ever increasing individualism breeds an antisocial mentality with dangerous economic and social consequences yet he offers a communitarian alternative that is as inspiring as it is instructive Recent wilding events such as the social aftermath of Hurricane Katrina the war in Iraq and recent government scandals are highlighted in this book Back cover

New Television, Globalisation, and the East Asian Cultural Imagination Michael Keane, Anthony Y.H. Fung, Albert Moran, 2007-02-01 Challenging assumptions that have underpinned critiques of globalisation and combining cultural theory with media industry analysis Keane Fung and Moran give a groundbreaking account of the evolution of television in the post broadcasting era and how programming ideas are creatively redeveloped and franchised in East Asia In this first comprehensive study of television program adaptation across cultures the authors argue that adaptation transfer and recycling of content are multiplying to the point of marginalising other economic and cultural practices They also show that significant re modelling of local TV production practices occur when adaptation is genuinely responsive to local values Examples of East Asian format adaptations include Survivor Who Wants to be a Millionaire The Weakest Link Coronation Street and Idol

theory with anthropological theory shifting away from the discussion of gender categories and identities that have often constituted a central concern of queer theory and instead exploring the queer elements of contexts in which they are not normally apparent Engaging with a number of apparently non sexual topics including embodiment and fieldwork regimes of value gifts and commodities diversity discourses biological essentialisms intersectionality the philosophy of Bergson and Deleuze and the representation of heterosexuality in popular culture this book moves to discuss central concerns of contemporary anthropology drawing on both the latest anthropological research as well as classic theories In broadening the field of queer anthropology and opening queer theory to a number of new themes both empirical and theoretical Anthropological Explorations in Queer Theory will appeal not only to anthropologists and queer theorists but also to geographers and sociologists concerned with questions of ontology materiality and gender and sexuality
