

Ten Men Of Minnesota And American Policy 1898 1968

Stephen Anthony Hartgen

Ten Men Of Minnesota And American Policy 1898 1968:

Ten Men of Minnesota and American Foreign Policy, 1898-1968 Barbara Stuhler, 1973 Author is an alumna of Evanston Township High School class of 1941 **Harold E. Stassen** Alec Kirby, John F. Rothmann, 2013-01-01 In 1938 Harold E Stassen was elected governor of Minnesota at age 31 an office he resigned in 1943 to enter the United States Navy at the height of World War II In the postwar years he helped write the charter of the United Nations and serving in the Eisenhower administration very nearly achieved a nuclear test ban treaty with the Soviet Union He is famously known as a perennial candidate for the Republican Party nomination for president seeking it 10 times between 1944 and 1992 **The Oxford Handbook of Midwestern History** Jon Lauck, 2025 The Midwest region holds a pivotal place in the tapestry of American history The Oxford Handbook of Midwestern History delves into this rich heritage with chapters on topics ranging from the early Native American and French Midwest to the impact of the Northwest Ordinance and the Great Lakes the emergence of Midwest regional consciousness after the Civil War and the role of the Midwest's natural resources in the region's economic success and later decline It presents the newest research on race ethnicity culture politics and economic development It also considers the role of religion organized labor the presence of a diverse population of Germans Irish Dutch and Latinos and the influence of sports nostalgia populism and isolationism This handbook moves beyond the examination of traditional topics in Midwestern history to provide significant attention to matters such as architecture literary realism visual culture and constitutionalism This treatment of Midwestern history marks a major turn towards the history of the American interior In many ways The Oxford Handbook of Midwestern History marks the coming of age of what scholars and commentators are calling the New Midwestern History **The United States and the Vietnam War: Leadership and diplomacy in the Vietnam War** Walter L. Hixson, 2000 These six volumes focus on the history and legacies of the Vietnam War on the basis of the best scholarly articles The six volumes analyze respectively the origins of the Indochina wars military strategy the role of prominent individuals the antiwar movement the lessons of Vietnam and representations of the war in popular culture A brief introduction accompanies each volume V 1 Series Introduction Minnesota Farmer-laborism Millard L. Gieske, 1979 **Breaking Protocol** Philip Nash, 2020-01-21 An in depth history of the Big Six the first six female ambassadors for the United States It used to be soon to be secretary of state Madeleine K Albright said in 1996 that the only way a woman could truly make her foreign policy views felt was by marrying a diplomat and then pouring tea on an offending ambassador's lap This world of US diplomacy excluded women for a variety of misguided reasons they would let their emotions interfere with the task of diplomacy they were not up to the deadly risks that could arise overseas and they would be unable to cultivate the social contacts vital to success in the field The men of the State Department objected but had to admit women including the first female ambassadors Ruth Bryan Owen Florence Daisy Harriman Perle Mesta Eugenie Anderson Clare Boothe Luce and Frances Willis These were among the most influential

women in US foreign relations in their era Using newly available archival sources Philip Nash examines the history of the Big Six and how they carved out their rightful place in history After a chapter capturing the male world of American diplomacy in the early twentieth century the book devotes one chapter to each of the female ambassadors and delves into a number of topics including their backgrounds and appointments the issues they faced while on the job how they were received by host countries the complications of protocol and the press coverage they received which was paradoxically favorable yet deeply sexist In an epilogue that also provides an overview of the role of women in modern US diplomacy Nash reveals how these trailblazers helped pave the way for more gender parity in US foreign relations Praise for *Breaking Protocol* Here at last is the long neglected story of America's pioneering women diplomats *Breaking Protocol* reveals the contributions of six trailblazers who practiced innovative statecraft in order to surmount all kinds of obstacles including many posed by their own employer the U S State Department Philip Nash's illuminating study offers an invaluable foundation for our understanding of contemporary foreign policy decision makers Sylvia Bashevkin author of *Women as Foreign Policy Leaders* National Security and Gender Politics in Superpower America Diplomacy is the one field of public political life that has been relatively open to women we need only think of Hillary Clinton Condoleezza Rice and Madeleine Albright In *Breaking Protocol* Philip Nash reminds us of the history of their achievements with an enduring and enticing record of the much longer surprising history of female diplomats and their individual efforts to shape American and international politics Glenda Sluga University of Sydney

Eugene McCarthy Dominic Sandbrook, 2007-12-18 Eugene McCarthy was one of the most fascinating political figures of the postwar era a committed liberal anti Communist who broke with his party's leadership over Vietnam and ultimately helped take down the political giant Lyndon B Johnson His presidential candidacy in 1968 seized the hearts and fired the imaginations of countless young liberals it also presaged the declining fortunes of liberalism and the rise of conservatism over the past three decades Dominic Sandbrook traces Eugene McCarthy's rise to prominence and his subsequent failures and makes clear how his story embodies the larger history of American liberalism over the last half century We see McCarthy elected from Minnesota to the House and then to the Senate part of a new liberal movement that combined New Deal domestic policies and fierce Cold War hawkishness a consensus that produced huge electoral victories until it was shattered by the war in Vietnam As the situation in Vietnam escalated many liberals like McCarthy found themselves increasingly estranged from the anti Communism that they had supported for nearly two decades Sandbrook recounts McCarthy's growing opposition to President Johnson and his policies which culminated in McCarthy's stunning near victory in the New Hampshire presidential primary and Johnson's subsequent withdrawal from the race McCarthy went on to lose the nomination to Hubert Humphrey at the infamous 1968 Democratic National Convention in Chicago which secured his downfall and led to Richard Nixon's election but he had pulled off one of the greatest electoral upsets in American history one that helped shape the political landscape for decades These were tumultuous times in American politics and Sandbrook

vividly captures the drama and historical significance of the period through his intimate portrait of a singularly interesting man at the center of it all **Governing in a Polarized Age** Alan S. Gerber, Eric Schickler, 2017-02-27 This volume provides an in depth examination of representation and legislative performance in contemporary American politics **Political Hell-Raiser** Marc C. Johnson, 2019-03-21 Burton K Wheeler 1882 1975 may have been the most powerful politician Montana ever produced and he was one of the most influential and controversial members of the United States Senate during three of the most eventful decades in American history A New Deal Democrat and lifelong opponent of concentrated power whether economic military or executive he consistently acted with a righteous personal and political independence that has all but disappeared from the public sphere Political Hell Raiser is the first book to tell the full story of Wheeler a genuine maverick whose successes and failures were woven into the political fabric of twentieth century America Wheeler came of political age amid antiwar and labor unrest in Butte Montana during World War I As a crusading United States attorney he battled Montana s powerful economic interests championed farmers and miners and won election to the U S Senate in 1922 There he made his name as one of the Montana scandalmongers uncovering corruption in the Harding and Coolidge administrations Drawing on extensive research and new archival sources Marc C Johnson follows Wheeler from his early backing of Franklin D Roosevelt and ardent support of the New Deal to his forceful opposition to Roosevelt s plan to expand the Supreme Court and in a move widely viewed as political suicide his emergence as the most prominent spokesman against U S involvement in World War II right up to three days before Pearl Harbor Johnson provides the most thorough telling of Wheeler s entire career including all its accomplishments and contradictions as well as the political storms that the senator both encouraged and endured The book convincingly establishes the place and importance of this principled hell raiser in American political history **Minnesota: A History (Second Edition) (States and the Nation)** William E. Lass, 2000-08-17 A comprehensive history of a state thought by many to be the most livable In this volume William Lass tells the story of Minnesota a state that evolved from many cultures from its beginnings to the present This history not only provides descriptions of the essential events of Minnesota s past but also offers an interpretation of major trends and characteristics of the state and its distinctiveness within the context of the nation s story **Hubert Humphrey** Arnold A. Offner, 2018-08-21 One of the great liberal politicians of the twentieth century rediscovered in an important definitive biography Hubert Humphrey 1911 1978 was one of the great liberal leaders of postwar American politics yet because he never made it to the Oval Office he has been largely overlooked by biographers His career encompassed three well known high points the civil rights speech at the 1948 Democratic Convention that risked his political future his shepherding of the 1964 Civil Rights Act through the Senate and his near victory in the 1968 presidential election one of the angriest and most divisive in the country s history Historian Arnold A Offner has explored vast troves of archival records to recapture Humphrey s life giving us previously unknown details of the vice president s fractious relationship with Lyndon Johnson

showing how Johnson colluded with Richard Nixon to deny Humphrey the presidency and describing the most neglected aspect of Humphrey's career his major legislative achievements after returning to the Senate in 1970 This definitive biography rediscovers one of America's great political figures *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1975 *Transplanting the Great Society* Kristin L. Ahlberg, 2008 Uses recently declassified sources to trace the successes and limitations of the Johnson administration's efforts to use food aid as a diplomatic tool during the Cold War both to gain support for U.S. policies and to reward or punish allies such as Israel India and South Vietnam Provided by publisher *Arming the Free World* Chester J. Pach Jr., 2018-11-15 In this important study Chester Pach traces the emergence of military assistance as a major instrument of contemporary American foreign policy During the early Cold War arms aid grew from a few country and regional programs into a worldwide effort with an annual cost of more than 1 billion Pach analyzes the Truman administration's increasing reliance on arms aid for Latin America Greece and Turkey China and Western Europe to contain Communist expansion during the late 1940s He shows that a crucial event was the passage of the Mutual Defense Assistance Act of 1949 the progenitor of a long series of global Cold War arms measures Pach demonstrates that the main impetus for the startling growth of military assistance was a belief that it would provide critical political and psychological reassurance to friendly nations Although this aid was ostensibly provided for military purposes the overriding goals were insuring goodwill raising foreign morale stiffening the will to resist communism and proving American resolve and reliability Policymakers Pach contends confused means with ends by stressing the symbolic importance of furnishing aid They sought additional appropriations with the threat that any diminution or cessation of aid suggested a weakening of American commitment Pach reveals that civilian not military officials were the principal advocates of the expansion of military aid and he shows how the policies established during the Truman administration continued to exert a profound influence throughout the Cold War Some officials questioned the self-perpetuating qualities of military aid programs but Pach concludes that their warnings went unheeded Although fiscal restraints in the Truman administration temporarily stemmed the growth of aid the Korean War exploded budgetary limitations Military assistance spending expanded rapidly in size and scope gaining a momentum that succeeding administrations could not resist Originally published in 1991 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Gentle Warriors Barbara Stuhler, 1995 Author is an alumna of Evanston Township High School class of 1941

Prologue, 1981 **FDR, Dewey, and the Election of 1944** David M. Jordan, 2011-09-02 Although the presidential election of 1944 placed FDR in the White House for an unprecedented fourth term historical memory of the election itself has been overshadowed by the war Roosevelt's health and his death the following April Truman's ascendancy and the decision to

drop the atomic bomb Today most people assume that FDR's reelection was assured Yet as David M Jordan's engrossing account reveals neither the outcome of the campaign nor even the choice of candidates was assured Just a week before Election Day pollster George Gallup thought a small shift in votes in a few key states would award the election to Thomas E Dewey Though the Democrats urged voters not to change horses in midstream the Republicans countered that the war would be won quicker with Dewey and Bricker With its insider tales and accounts of party politics and campaigning for votes in the shadow of war and an uncertain future FDR Dewey and the Election of 1944 makes for a fascinating chapter in American political history

Postwar Emigration to South America from Japan and the Ryukyu Islands Pedro Iacobelli, 2017-07-13

Placing a distinct focus on the role of the sending state this book examines the history of postwar Japan's migration policy linking it to the larger question of statehood and nation building in the postwar era Pedro Iacobelli delves into the role of states in shaping migration flows by exploring the genesis of the state led emigration from Japan and the US administered Ryukyu Islands to South America in the mid 20th century The study proposes an alternative political perspective on migration history to analyze the rationale and mechanisms behind the establishment of migration programs by the sending state To develop this perspective the book examines the state's emigration policies their determinants and their execution for the Japanese and Okinawan migration programs to Bolivia in the 1950s It argues that the post war migration policies that established those migration flows were a result of the political cost benefit calculations rather than only economic factors of the three governments involved With its unique focus on the role of the sending state and the relationship between Japan Okinawa and the United States this is a valuable study for students and scholars of postwar Japan and migration history

The Interpretation of the Chinese Communist Revolution, 1945-1949, by Four American Daily Newspapers Stephen Anthony Hartgen, 1980

Congress and United States Foreign Policy Michael A. Barnhart, 1987-01-01 This book directly explores congressional efforts to control the ability of the Chief Executive to use force It examines the influence Congress has wielded over nuclear arms control and reveals how Congress has operated to channel American military assistance covert actions and open warfare over the past forty years
