Ten Miracle Plays:

Ten Miracle Plays R. George Thomas, 1966 Introduces readers to medieval English drama and in that sense can be regarded as a useful primer for newcomers to the field It is concerned not to oversimplify but to give an accurate impression of the wide range and the individual excellences of the plays it views them as parts of a medieval pageant and as a lively dramatic recreation in their own right All the main cycles are represented in a series of ten plays which have not been readily available in selections of Middle English texts *Ten Miracle Plays* R.
