Ten Years In Nevada Or Life On The Pacific Coast:

Ten Years in Nevada Mary McNair Mathews, 1985-01-01 Virginia City Nevada was between bonanza and borrasca when Mary McNair Mathews and her young son went there in 1869 to investigate the murder of her brother and sort out his affairs The widow from Buffalo New York stayed in the West for almost ten years Out of that time came these reminiscences of life in Nevada and California mining towns including Virginia City Gold Hill Silver City Sutro You Bet Nevada City and Red Dog These pages reveal a proud independent minded woman eccentric and sometimes bigoted Not without a social conscience she helped the unemployed and fought intemperance and child abuse In a hard place Mary Mathews survived by sewing and keeping lodgers finally improving her lot by investing her earnings from mining stock in real estate Ten Years in Nevada is a rare portrait of a businesswoman and small scale entrepreneur on the frontier As Mary Lee and Clark C Spence point out in their foreword Her presence in Virginia City belies the old idea that women went west only with their husbands or as prostitutes or school teachers How Mary Mathews in many respects an ordinary middle class woman responded to everyday problems in a rich rough mining town is important to understanding what made nineteenth century America tick **TEN**

The Townsend Family in the Emerging American West, 1856-1926 Susan E. James, 2024-11-18 This book examines the life of the Townsend family and the events that occurred during the period of 1856-1926 that shaped an expanding American West. Bryant and Julia Riley Townsend and their three children were born into an age of rapid change and competing cultures. Witnesses to a century of events that shaped a nation, their lives define the complexities and challenges of incomers who arrived in an expanding American West. From the Gold Rush to the California oil boom, from slavery to female suffrage, from Indian Wars to World Wars, the Townsends lived through violent upheavals, outlasting cities, societal beliefs, and entire ways of life. Married in a mining camp in Nevada and relocating frequently, the couple embraced the momentary riches, shattering losses, and personal disasters faced by a vast number of immigrants, foreign and domestic, striving to survive in an often hostile landscape. Their lives and those of their three children, Minnie, Edith, and Bryant, form the architecture supporting an examination of multiple facets of the Western experience and are exemplars of the different populations that merged to form the American identity. This volume will be of value to students and scholars interested in American history, social and cultural history, and modern history.

Westering Women and the Frontier Experience, 1800-1915 Sandra L. Myres, 1982 Contains letters, journals, and reminiscences showing the impact of the frontier on women's lives and the role of women in the West.

Alcohol and Opium in the Old West Jeremy Agnew, 2013-10-17 This book explores the role and influence of drink and drugs, primarily opium, in the Old West, which for this book is considered to be America west of the Mississippi from the California gold rush of the 1840s to the closing of the Western Frontier in roughly 1900. This period was the first time in American history that heavy drinking and drug abuse became a major social concern. Drinking was considered to be an accepted pursuit for men at the time; smoking opium was considered to be deviant and associated with groups on the fringes of mainstream society, but opium use and addiction by women was commonplace. This book presents the background of both substances and how their use spread across the West at first for medicinal purposes but how overuse and abuse led to the Temperance Movement and eventually to National Prohibition. This book reports the historical reality of alcohol and opium use in the Old West without bias.

Women Writers of the American West, 1833-1927 Nina Baym, 2012-08-17 This book recovers the names and works of women who wrote about the American West during the nineteenth and early twentieth centuries, some of them long forgotten and others better known, such as Willa Cather and Mary Austin. Holley It reveals how the authors showed women making lives for themselves in the West, how they represented the diverse region, and how they represented themselves.

The Bonanza King Gregory Crouch, 2018-06-19 A monumentally researched biography of one of the nineteenth century's wealthiest self made Americans Well written and worthwhile The Wall Street Journal it's the rags to riches frontier tale of an Irish immigrant who outwits outworks and outmaneuvers thousands of rivals to take control of Nevada's Comstock Lode Born in 1831 John W Mackay was a penniless Irish immigrant who came of age in New York City went to California during the Gold Rush and mined without much luck for eight years When he heard of riches found on the other side of the Sierra Nevada Mountains in 1859 Mackay abandoned his claim and walked a hundred miles to the Comstock Lode in Nevada Over the course of the next dozen years Mackay worked his way up from nothing thwarting the pernicious Bank Ring monopoly to seize control of the most concentrated cache of precious metals ever found on earth the legendary Big Bonanza a stupendously rich body of gold and silver ore discovered 1500 feet beneath the streets of Virginia City the ultimate Old West boomtown But for the ore to be worth anything it had to be found claimed and successfully extracted each step requiring enormous risk and the creation of an entirely new industry Now Gregory Crouch tells Mackay's amazing story how he extracted the ore from deep underground and used his vast mining fortune to crush the transatlantic telegraph monopoly of the notorious Jay Gould No one does a better job than Crouch when he explores the subject of mining and no one does a better job than he when he describes the hardscrabble lives of miners San Francisco Chronicle Featuring great period photographs and maps The Bonanza King is a dazzling tour de force a riveting history of Virginia City Nevada the Comstock Lode and America itself

Nevada's Remarkable Women Jan Cleere, 2015-11-01 This book presents the compelling histories of fifteen pioneer women all born before 1900 who traveled Nevada Territory in unstable wagons on temperamental mules and in early Motel Ts to leave a legacy of courage and celebration as they broke records hearts and rules while conquering uncharted ground Meet Ferminia Sarras a Nicaraguan immigrant with four young daughters who arrived in Nevada in the early 1800s determined to seek her fortune as a miner and succeeded Dat so la lee a Washoe Indian renowned for her basket weaving artistry whose work is today preserved in museums and Anne Henrietta Martin a lifelong suffragette who fought for women's rights and was instrumental in securing the passage of the Nineteenth Amendment giving women the right to vote

Beware Euphoria George Fisher, 2024 George Fisher seeks the moral roots of America's antidrug regime and challenges claims that early antidrug laws arose from racial animus Those moral roots trace to early Christian sexual strictures which later influenced Puritan condemnations of drunkenness and ultimately shaped the early American drug war Early laws against opium dens cocaine

and cannabis rarely rose from racial strife but sprang from the traditional moral censure of intoxication and perceived threats to respectable white women and youth The book closes with an examination of cannabis legalization driven in part by the movement for racial justice The BIG Nevada Reproducible Activity Book Carole Marsh,2011-03-01 The Big Nevada Activity Book 100 activities from Kindergarten easy to Fourth Fifth challenging This big activity book has a wide range of reproducible activities including coloring dot to dot mazes matching word search and many other creative activities that will entice any student to learn more about Nevada Activities touch on history geography people places fictional characters animals holidays festivals legends lore and more Western Americana Anderson Galleries, Inc,1923 *Virginia City* Ronald M. their own involvement with territorial expansion By exploring the various ways in which women writers actively contributed to and at times rejected the development of a national narrative of territorial expansion based on empire building and colonization the author shows how their accounts are implicated in expansionist processes at the same time that they formulate positions of innocence and detachment Georgi Findlay has drawn on American studies scholarship feminist criticism and studies of colonial discourse to examine the strategies of women s representation in writing about the West in ways that most theorists have not She critiques generally accepted stereotypes and assumptions both about women s writing and its difference of view in particular and about frontier discourse and the rhetoric of westward expansion in general as she offers a significant contribution to literary studies of the West that will challenge scholars across a wide range of disciplines
