Ten Commandments Movie Edition:

The Ten Commandments Joseph P. Hester, 2015-08-13 The founders of the United States were well aware of religious differences in the new nation. Oppression had forced varied European religious groups to seek homes elsewhere, some in the new world of America. Governmental pressures toward conformity in religion had in the past led to corruption and civil strife. Thus Congress made a dual assertion in its First Amendment to the Constitution: Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof. However, the ethical foundations of American society and therefore its laws intermingle with the moral codes of religions, including the Judeo-Christian Ten Commandments. This handbook helps bring understanding and meaning to the controversies that have arisen in present-day society over the application of the Ten Commandments to public law and moral problems. Applications can be logical and legal or can violate the separation of church and state called for in the First Amendment. Part One provides background on the Ten Commandments. It gives the various versions found in the Old Testament and explains the non-Israelite influences on those versions: the Hammurabi Code, for example. The moral thinking of the ancient Mesopotamian, Egyptian, and Hebrew cultures is examined. The modern Jewish tradition is detailed, as well as the different interpretations placed on the Ten Commandments by Roman Catholics, Anglicans, Lutherans, and other Protestants. Part Two focuses on the modern controversies, assessing the differing sides of each. Among the many controversies covered are government funding of faith-based charities, posting the Ten Commandments in public buildings, science versus religion in schools, prayer in public places, blue laws, stem cell research, cloning, euthanasia, capital punishment, abortion, and war, racial profiling, and covenant marriages. **The Bible**

According to Christian Nationalists Brian Kaylor, 2025-10-07 Feel like the Bible is being misused? You're not alone. Many people of faith are heartbroken and angry, watching scripture distorted to justify political power grabs, exclusion, and even violence. Christian Nationalism blurs the line between faith and politics, replacing the Gospel's liberating message with a dangerous ideology that undermines both democracy and discipleship. But the Bible doesn't belong to extremists. It belongs to God's people. In *The Bible According to Christian Nationalists*, author and minister Brian Kaylor exposes the seven deceptive ways Christian Nationalists manipulate scripture for their own ends, from cherry-picking verses for gerrymandering to treating the Bible as a political prop. With clarity and courage, Kaylor shows how these tactics betray the very heart of the Gospel.
