The Law of the Heart Sam B. Girgus, 2014-07-03 The Law of the Heart is a vigorous challenge to the prevailing concept of the antidemocratic image of the self in the American literary and cultural tradition Sam B Girgus counters this interpretation and attempts to develop a new understanding of democratic individualism and liberal humanism in American literature under the rubric of literary modernism The image of the individual self who retreats inward conforming to a distorted law of the heart emerges from the works of such writers as Cooper and Poe and composer Charles Ives Yet as Girgus shows other American writers relate the idea of the self to reality and culture in a more complex way the self confronts and is reconciled to the paradox of history and reality In Girgus view the tradition of pragmatic humanistic individualism provides a foundation for a future where individual liberty is a major priority He uses literary modernism as a bridge for relating contemporary social conditions to crises of the American self and culture as seen in the works of writers including Emerson Howells Whitman Henry James William James Fitzgerald Bellow and McLuhan **The Heart Is a**

Murm'rings of the Heart Olivia Villa-Real,2015-11-18

In this fast paced world of science and technology we have set ourselves to a never ending race with time Weve lost our capacity to enjoy the simple pleasures in life We have dulled our senses from appreciating the wild flowers along our way that flaunt their beauty and waft their fragrance on the breeze We cast our vision hurriedly past the inviting pathways into the deep woods that eagerly entice us to take a moments rest Lest we become robots devoid of feeling machineries unable to experience bliss we must elevate ourselves from the mundane to such loftiness of spirit as will enable us to experience and enjoy the true essence of life This book offers us a sanctuary to rest our weary body and spirit and its poetry allows us to feel the realities within ourselvestoo often missed yet are far richer than the physical realities around us that are too commonplace and barren to appreciate The poems tug at the root of our being awakening the treasures lurking within us little gems too inspiring to miss and too beautiful to forget This book is a window into my soul the anima within me that gives me life It is the true reality of my existence more than the reality of my physical being It is beyond what my intellect can reach and what my emotions can inspire My poetry which includes my songs is the fresh breath of my soul it is the raw expression of what is at my core borne in the spur of the moment and perfected by inspiration It is therefore in a spirit of love and absolute trust that I welcome you into this sanctuary of my soul since I render myself bare naked and vulnerable as I put you in touch with my true reality which is devoid of fear pretenses inhibitions as well as self serving needs or purpose **A Heart at Fire's Center** Steven C.

Jonathan Edwards,1851 A Treatise Concerning Religious Affections, in Three Parts Jonathan Edwards,1821 Religious Affections Jonathan Edwards,2009-01-01 This volume contains Edwards most mature and persistent attempt to judge the validity of the religious development in eighteenth century America known as the Great Awakening In developing criteria for such judgment he attacked at the same time one of the fundamental questions facing all religion how to distinguish genuine from spurious piety The Awakening created much bitter controversy on the one side stood the emotionalists and enthusiasts and on the other the rationalists for whom religion was essentially a matter of morality or good conduct and the acceptance of properly formulated doctrine Edwards with great analytical skill and enormous biblical learning showed that both sides were in the wrong He attacked both a lifeless morality as too pale as to be the essence of religion and he rejected the excesses of a purely emotional religion more concerned for sensational effects than for the inner transformation of the self which was for him the center of genuine Christianity
