Henderson, 2013-09 *Tennis* Malcolm Douglass Whitman, 1932 **Tennis Origins and Mysteries ... With an historical bibliography by Robert W. Henderson. [With plates.]** Malcolm Douglass WHITMAN, 1932 *Tennis*; , 1968

Pleasure and Leisure in the Middle Ages and Early Modern Age Albrecht Classen, 2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes *Blacks at the Net* Sundiata Djata, 2006-01-30 While much has been written about black triumphs in boxing baseball and other sports little has been said of similar accomplishments in tennis In this book the first is the first volume dedicated to that subject Sundiata Djata more than cites facts and figures he explores obstacles to such performance such as the discrimination that kept blacks out of pro tennis for decades He examines the role that this white sport traditionally played in the black community And he provides keen insights into the politics of professional sports and the challenges faced by today's black players Drawing on original and published interviews life writings and newspaper articles the author offers an in depth look at black participation in tennis from the first courts in Tuskegee in 1880 to players Reginald Weir and Gerald Norman Jr who challenged racism in the U S Lawn Tennis Association in the 1920s from Harlem teen Bob Ryland's historic match with two white women in 1944 to the achievements of acclaimed later stars like Althea Gibson Arthur Ashe Yannick Noah and Venus and Serena Williams Thoroughly researched and comprehensive in scope the work's eventual two volumes will cover identity and black tennis in aboriginal Australia North and South Africa the Caribbean and the Americas it is an ideal read for tennis players sports historians readers of black history and or black sports figures and all who are interested in the sport

Historical Dictionary of Tennis John Grasso, 2011-08-22 The sport of tennis has been played in one form or another for more than 800 years. It can trace its roots to games played by monks in the 12th century. Through the years the game has evolved from one in which the ball was struck with the hands to the modern game in which rackets are used to propel the ball in excess of 150 miles per hour. From the sport of the elite to the sport played by elite athletes, tennis has grown immensely in the past 135 years and it remains one of the few sporting pastimes that is played extensively by people of all ages and all nationalities. The *Historical Dictionary of Tennis* presents a comprehensive history of the game through a chronology, an introductory essay, a bibliography, photos, and over 500 cross-referenced dictionary entries on places, teams, terminology, and people, including Arthur Ashe, Björn Borg, Don Budge, Chris Evert, Roger Federer, Billie Jean King, Rod Laver, Suzanne Lenglen, John McEnroe, Rafael Nadal, Martina Navratilova, and Bill Tilden. Appendixes of the members of the International Tennis Hall of Fame, the Major Championships of Tennis, and the Olympic games are included. This book is an excellent access point for students, researchers, and anyone wanting to know more about tennis.

Sporting Gentlemen E. Digby Baltzell, 2017-07-12 Tennis is a high stakes game played by prodigies identified early and coached by professionals in hopes of high rankings and endorsements. This commercial world is far removed from the origins of the sport. Before 1968, when Wimbledon invited professional players to compete for the first time, tennis was part of a sportsmanship tradition that emphasized character over money. It produced well-rounded gentlemen who expressed a code of honor, not commerce. In this authoritative and affectionate history of men's tennis, distinguished sociologist E. Digby Baltzell recovers the glory of the age. From its aristocratic origins in the late nineteenth century to the Tilden years and through a succession of newcomers, the amateur era and its virtues survived a century of democratization and conflict. *Sporting Gentlemen* examines the greatest players and matches in the history of tennis. Baltzell explores the tennis code of honor and its roots in the cricket code of the late nineteenth-century Anglo-American upper class. This code of honor remained in spite of the later democratization of tennis. Thus the court manners of the Renshaw twins and Doherty brothers at the Old Wimbledon were upheld to the letter by Don Budge and Jack Kramer as well as Rod Laver, John Newcombe, and Arthur Ashe. Baltzell's final chapter on the Open Era is a blistering attack on the decline of honor and the obliteration of class distinctions, leaving only those based on money. For all who love the game of tennis, *Sporting Gentlemen* is both fascinating history and a badly needed analysis of what has made the sport great.

A Companion to American Sport History Steven A. Riess, 2014-03-26 *A Companion to American Sport History* presents a collection of original essays that represent the first comprehensive analysis of scholarship relating to the growing field of American sport history. Presents the first complete analysis of the scholarship relating to the academic history of American sport. Features contributions from many of the finest scholars working in the field of American sport history. Includes coverage of the chronology of sports from colonial times to the present day, including major sports such as baseball, football, basketball, boxing, golf, motor racing, tennis, and track and field. Addresses the relationship of sports to

urbanization technology gender race social class and genres such as sports biography Awarded 2015 Best Anthology from the North American Society for Sport History NASSH *Robert Lindley Murray: the Reluctant U.S. Tennis Champion* Roger W. Ohnsorg, 2011-02-03 Robert Lindley Lin Murray a middle distance runner and tennis player and a Phi Beta Kappa chemical engineer at Stanford University went east after graduating in 1914 to play tennis He beat the top intercollegiate players won several tournaments and earned a fourth place national ranking Murray won the 1916 U S Indoor title and joined Hooker Electrochemical in Niagara Falls New York Reluctant to play in the 1917 and 1918 national championships due to wartime contracts Murray was persuaded by Hookers president to play and he won them both the latter over Bill Tilden Murray rose through the ranks of Hooker to president CEO and chairman of the board and was elected to the International Tennis Hall of Fame a year before retiring Leading into Murrays exploits is a concise history of tennis when and where the game was introduced to the United States and American tennis through Lin Murrays brief but brilliant career Also included is a review of California tennis and the significant impact of its players during the second decade of the twentieth century The book concludes with short biographies of Murrays female and male contemporaries before shorts and skirts replaced flannels and petticoats **Sport: The development of sport** Eric Dunning, Dominic Malcolm, 2003 A collection of texts providing a useful resource for students in the field of sports studies Subject headings include approaches to the study of sport the development and structure of modern sport sport and power relations and major issues in contemporary sport

New Series Library of Congress. Copyright Office, 1933 **American Lawn Tennis** ,1944 **The United States Tennis Association** Warren F. Kimball, 2017-12-01 An authoritative history of the United States Tennis Association by its official historian **Thereby**

Hangs a Tale - Stories of Curious Word Origins Charles Earle Funk, 2011-12-09 THIS book is the outcome of a collection of material that has been slowly accumulating over the past thirty years or so since the time when under the guidance of the late Dr Frank H Vizetelly I began to work as his associate in the editorial department of the Funk it may have come from a tale in some older language for the languages that we consider ancient were themselves based upon still more ancient sources but that story if any cannot now be determined Thus what we know about the origins of the great majority of the words in our present language can be found in an unabridged dictionary or in a work dealing with etymologies such as that compiled by W W Skeat about seventy years ago or the one more recently prepared by Ernest Weekley From Bharata to India M. K. Agarwal, 2012-05-22 The origin of world civilization can be traced to the Sindhu and Sarasvati river valleys located in present day Pakistan as early as 8 000 BC Here innovation and originality in every aspect of human endeavor from mathematics and science to art and sports flourished Yet the importance of this civilization known as the Vedic period has been deliberately downplayed Thoroughly researched and including an extensive bibliography From Bharata to India rectifies this mistake in the perspective of world history and seeks to offer a comprehensive reference source Author M K Agarwal shows how this early culture where ideation by enlightened philosopher Brahmin kings brought material and spiritual wealth that was to remain unchallenged until the colonial era This Vedic Hindu Buddhist legacy subsequently influenced peoples and paradigms around the globe ushering in an era of peace and plenty thousands of years before the Europeans By using original sources in Sanskrit as well as regional literature Agarwal compares corresponding situations in other civilizations within the context of their own literary traditions and records to prove that Bharata forms the basis of world civilization This is in direct contrast to the Greek or Arab miracle hypothesis put forth by numerous scholars The first of two volumes in this series From Bharata to India offers a fascinating in depth glimpse into ancient Indias contribution to the modern world

The Story of the Garden Eleanour Sinclair Rohde, 2018-02-22 The Story of the Garden provides a detailed history of the garden exploring its origins and development throughout the ages Contents include The Traditional Influence of Ancient Garden Lore The Mediaeval Garden The Tudor Age Stuart Times French and Dutch Influences The Georgian Period The Landscape School and the Victorian and Edwardian Eras American Gardens List of Plants from The Feate of Gardening by Mayster Ion Gardener etc Many vintage books such as this are becoming increasingly scarce and expensive It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new introduction This book was first published in 1932
