**Tennyson and Russia** Patrick Waddington, 1987      *The Reception of Alfred Tennyson in Europe* Leonee

Ormond, 2016-11-17 Alfred Lord Tennyson 1809-1892 has often been considered a particularly British writer in part as his official post as Poet Laureate inevitably committed him to a certain amount of patriotic writing. This volume focuses on his impact on the continent presenting a major scholarly analysis of Tennyson's wider reception in different areas of Europe. It considers reader and critical responses and explores the effect of his poetry upon his contemporaries and later writers as well as his influence upon illustrators, painters and musicians. The leading international contributors raise questions of translation and publication and of the choices made for this purpose along with the way in which his ideas and style influenced European writing and culture. Tennyson's reputation in Anglophone countries is now assured following a decline in the years after his death. This volume enables us to chart the changes in Tennyson's European reputation during the later 19th, 20th and 21st centuries.

*Tennyson and Victorian Periodicals* Kathryn Ledbetter, 2016-03-09 This is the first book-length study of Tennyson's record of publication in Victorian periodicals. Despite Tennyson's supposed hostility to periodicals, Ledbetter shows that he made a career-long habit of contributing to them and in the process revealed not only his willingness to promote his career but also his status as a highly valued commodity. Tennyson published more than sixty poems in serial publications from his debut as a Cambridge prize-winning poet with *Timbuctoo* in the *Cambridge Chronicle and Journal* to his last public composition as Poet Laureate with *The Death of the Duke of Clarence and Avondale* in *The Nineteenth Century*. In addition, poems such as *The Charge of the Light Brigade* were shaped by his reading of newspapers. Ledbetter explores the ironies and tensions created by Tennyson's attitudes toward publishing in Victorian periodicals and the undeniable benefits to his career. She situates the poet in an interdependent commodity relationship with periodicals, viewing his individual poems as textual modules embedded in a page of meaning inscribed by the periodical's history, the poet's relationship with the periodical's readers, an image sharing the page whether or not related to the poem and cultural contexts that create new meanings for Tennyson's work. Her book enriches not only our understanding of Tennyson's relationship to periodical culture but the textual implications of a poem's relationship with other texts on a periodical page and the meanings available to specific groups of readers targeted by individual periodicals.

## **Joseph Brodsky and Modern Russian Culture**

, 2024-09-23 This volume is a major contribution to the study of the life, work and standing of Joseph Brodsky, 1987 Nobel Prize Laureate and the best-known Russian poet of the second half of the twentieth century. This is the most significant book devoted to him in the last 25 years and features work by many of the leading experts on him both in Russia and the West. Every one of the chapters makes a real contribution to different aspects of Brodsky: the growth of interest in his work, his world view and political position and the unique aspects of his poetics. Taken together, the sixteen chapters offer a rounded interpretation of his significance for Russian culture today.

Vincent Hugo Stumm,sir Charles Edward Howard Vincent,1874      Alfred Tennyson Leonee Ormond,1993-10-15 Throughout his long working life Tennyson was experimenting with new forms and subjects Widely read in a range of disciplines he responded to many of the personalities events and discoveries of the Victorian age Still widely regarded as an apologist for the establishment Tennyson was always an outsider Scourged by reviewers and haunted by his own nervous disposition Tennyson endured years of despair Even when the tide turned in 1850 Tennyson remained a stern critic of his contemporaries      **An Outline of Russian Literature** Maurice Baring,2024-01-05 Excerpt The chief difficulty which Englishmen have experienced in writing about Russia has up till quite lately been the prevailing ignorance of the English public with regard to all that concerns Russian affairs A singularly intelligent Russian who is connected with the Art Theatre at Moscow said to me that he feared the new interest taken by English intellectuals with regard to Russian literature and Russian art He was delighted of course that they should be interested in Russian affairs but he feared their interest was in danger of being crystallized in a false shape and directed into erroneous channels This ignorance will always remain until English people go to Russia and learn to know the Russian people at first hand It is not enough to be acquainted with a certain number of Russian writers I say a certain number advisedly because although it is true vi that such writers as Tolstoy and Turgenev have long been naturalized in England it is equally true that some of the greatest and most typical of Russian authors have not yet been translated There is in England no complete translation of Pushkin This is much the same as though there were in Russia no complete translation of Shakespeare or Milton I do not mean by this that Pushkin is as great a poet as Shakespeare or Milton but I do mean that he is the most national and the most important of all Russian writers There is no translation of Saltykov the greatest of Russian satirists there is no complete translation of Leskov one of her greatest
