Religious Teacher (Classic Reprint) Charles F. G. Masterman, 2015-06-29 Excerpt from *Tennyson as a Religious Teacher*
A word of explanation is perhaps not unnecessary as to the method pursued in the following pages Many of these may appear
only remotely to deal with Tennyson's position and mainly to be occupied with the comments and suggestions of the author
The chapters on Vastness Evolution Immortality and others may seem but inadequate attempts to discuss contemporary
problems with only scattered allusions to the work of Tennyson But the mere extraction from the work of any great author of
certain categorical propositions is a dismal though easy task To place these propositions in their correct relation to the
changing thought of any given time requires a clear explanation of the exact meaning of the theories and the terms so glibly
utilised and so readily misunderstood Such a task is as much harder as it is better worth the doing From one point of view my
treatment of these problems will seem too full from another it will appear altogether inadequate A book instead of a chapter
on each of these questions would but give a bare discussion of outlines Yet perhaps even this slight sketch may contribute
towards a better understanding of the problems which confronted Tennyson and his contemporaries problems of an age
which already in its methods of thought its difficulties and its ideals is rapidly passing away Amid much that appears
unsatisfactory in the literature that has accumulated around Tennyson's poetry I may mention certain writings that judged by

Tennyson's Poems to 1850 Clyde de L. Ryals, 2016-11-11 One of Keats finest sonnets begins Much have I traveled yet Keats

traveled very little only to Italy where he died Shelley also an introspective and intellectual dabbled in politics often with a comic effect and although he could not swim he was devoted to sailing Wordsworth marched to France praising the Revolution which he later regretted Coleridge wandered to Germany and German metaphysics Later he created the Ancient Mariner which is the mythic centerpiece of the Romantic period Each of these poets feels that the occupation of a poet demand a dedication to a life of action as well as inward discovery Consequently the image of the journey with its double reference to natural and psychic realities is one of the unifying motifs of nineteenth century poetry Alfred Tennyson the author claims was one of the last poets able to make both voyages but he could only do so with great effort and at great expense By nature introspective he found the life of the mind far more appealing than the life of action yet he knew like Milton and Keats before him that great poetry demands the voyage without as well as the voyage within His early poetry then is concerned with the pull of the two voyages and thus it becomes in Arnold s worlds the dialogue of the mind with itself There is for modern readers something intensely interesting about such a divided personality for we see in Tennyson almost the same dilemma that faces contemporary artists Often when we read his poems we feel that Tennyson is of our age But then at times he seems as remote from us as Bishop Wilberforce and his anti Darwin fulminations What then is there about Tennyson that makes him appear so modern and yet so dated The answer is not easily given although this has been one of the primary concerns of Tennyson s critics In this book the author shows how Tennyson became the mental voyager exploring both the inner and outer worlds and further how in making the two voyages he followed the pattern of development of other Romantic artists of the nineteenth century He examines certain themes and images in Tennyson s early verse which in their frequent recurrence attain symbolic status and by doing so he shows that there is a very clear cut pattern in Tennyson s poetry one which is repeated time and again throughout the poet s work to 1850 Robert Buchanan Henry Murray,1901

Tennysonian Love Gerhard Joseph,1969-04-10 Tennysonian Love was first published in 1969 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In the century or so since Alfred Tennyson s poetry reached the height of its popularity and critical acclaim the pendulum of criticism has swung wide in opposite directions From the earlier idolatry to the later ridicule that pendulum has now settled into a position of qualified and selective praise from which a more thoughtful consideration of the poet is possible Consequently as this critical study suggests new values and dimensions are recognizable in his work Professor Joseph concentrating on the theme of love but involving in his argument other facets of Tennyson s achievement demonstrates the thesis that the poet moved as in a strange diagonal This phrase used as the subtitle of the book comes from Tennyson s poem The Princess in which the narrator moved as in a strange diagonal And maybe neither pleased myself nor them As the author shows Tennyson throughout his work moved between a Platonic conception of love in which the highest kind of spiritual love has disencumbered itself of sense and a Neoplatonic Dantesque one in which sense

and soul tend to merge In coming to terms with the nineteenth century form of this divided Western heritage the pietism of the evangelical revival on the one hand and the idealized eroticism of his Romantic predecessors on the other Tennyson became the exemplary poet of Victorian love No other Victorian poet Professor Joseph concludes exhibits quite his representative and successful blending of these clashing strains For while moving between the alternate traditions of Western love Tennyson was able to forge a large body of highly disciplined beautifully wrought and far ranging verse
