above and beyond his intentions and how they intersected with the work of his contemporaries as well as other intellectual currents of the time   The Ego and His Own Max Stirner,2014-01-07 The Ego and His Own the seminal defence of individualism coloured the thinking of Friedrich Nietzsche Max Ernst Henrik Ibsen and Victor Serge among many others some of whom would vigorously deny any such influence in later years Less reticent was Marcel Duchamp who described Max Stirner as the philosopher most important to his work Challenging the religious philosophical and political constraints on personal freedom Stirner criticizes all doctrines and beliefs that place the interests of God the state humanity or society over those of the individual Anticipating the later work of nihilists existentialists and anarchists The Ego and His Own upholds personal autonomy against all that might oppose it   **Graham Sutherland** Rosalind Thuillier,2015-05-28 A compelling biographical study of a leading twentieth century British artist Graham Sutherland Life Work and Ideas offers new insight into how he and his paintings developed In the culmination of her life s work Rosalind Thuillier builds on the reflections and recollections of a friendship spanning decades to craft a comprehensive study of Sutherland s life and works interweaving his perceptive responses to his own art taken from personal notes and correspondence with critical reviews and collectors musings to give an authentic picture of the man whose work divided critics Drawing on Sutherland s personal archive the book includes an expansive collection of images that provide a fresh view of the artist Studies by Sutherland along with preparatory works for what would become renowned paintings are published for the first time Graham Sutherland s distinctive style and the emotions that shaped the paintings are here vividly explored Thuillier describes not only the inspiration he found in the windswept Pembrokeshire countryside but also his time as an official war artist and his friendships inside and outside the art world She expertly details the process behind the creation of works such as the controversial portrait of Churchill 1954 subsequently destroyed and his most famous work the huge Christ in Glory in the Tetramorph tapestry 1962 in Coventry Cathedral Graham Sutherland Life Work and Ideas is not merely a biography but a journey behind the scenes of the artist scareer exploring the paintings relationships and influences that formed his vision as an artist and his undeniable contribution to art   **Cassirer and Langer on Myth** William Schultz,2013-09-13 This book provides a detailed overview of the approach by two of the leading philosophical theorists of myth   **Anarchist Seeds beneath the Snow** David Goodway,2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In Anarchist Seeds beneath the Snow David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world   **Abstraction in Post-War British Literature 1945-1980** Natalie Ferris,2022-03-29

In a catalogue note for the 1965 exhibition Between Poetry and Painting at the Institute of Contemporary Arts the poet Edwin Morgan probed the relationship between abstraction and literature Abstract painting can often satisfy but abstract poetry can only exist in inverted commas Language may be fragmented rearranged or distorted abstract in so far as it is withdrawn from a particular system of knowledge but Morgan was of the mind that to be wholly disruptive was to deprive a poem of its point as an object of contemplation Whilst abstract art may have come to fulfil or or fortify an impression of post war taste abstraction in literature continued to be treated with suspicion But how does this speak to the extent to which Britain s literary culture was responsive to progress compared to its artistic culture Abstraction in Post War British Literature 1945 1980 traces a line of literary experimentation in post war British literature that was prompted by the aesthetic philosophical and theoretical demands of abstraction Spanning the period 1945 to 1980 it observes the ways in which certain aesthetic advancements initiated new forms of literary expression to posit a new genealogy of interdisciplinary practice in Britain At a time in which Britain became conscious of its evolving identity within an increasingly globalised context this study accounts for the range of Continental and Transatlantic influences in order to more accurately locate the networks at play Exploring the contributions made by individuals such as Herbert Read Ian Hamilton Finlay and Christine Brooke Rose as well as by groups of practitioners It brings a wide range of previously unexplored archival material into the public domain and offers a comprehensive account of the evolving status of abstraction across cultural institutional and literary contexts      Kropotkin, Read, and the Intellectual History of British Anarchism M. Adams,2015-06-04 Although marginal as a political force anarchist ideas developed in Britain into a political tradition This book explores this lost history offering a new appraisal of the work of Kropotkin and Read and examining the ways in which they endeavoured to articulate a politics fit for the particular challenges of Britain s modern history      Encyclopedia of the Essay Tracy Chevalier,2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies      Herbert Read and Selected Works Herbert Read,2022-07-30 Herbert Read and Selected Works includes four of Herbert Read s most seminal works A Coat of Many Colours Occasional Essays The English Vision An Anthology The Tenth Muse Essays in Criticism and The Politics of the Unpolitical This collection also includes the title Herbert Read A Memorial Symposium a collection of essays that illustrates the many different aspects and achievements of Read s career      The New Cambridge Bibliography of English Literature George Watson,Ian Roy Willison,1974      The Anthropology of Art Howard Morphy,Morgan Perkins,2009-02-04 This anthology provides a single volume overview of the essential theoretical debates in

the anthropology of art Drawing together significant work in the field from the second half of the twentieth century it enables readers to appreciate the art of different cultures at different times Advances a cross cultural concept of art that moves beyond traditional distinctions between Western and non Western art Provides the basis for the appreciation of art of different cultures and times Enhances readers appreciation of the aesthetics of art and of the important role it plays in human society    **Books for College Libraries: Language and literature** ,1975    *Ludics and Laughter as Feminist Aesthetic* Jennifer Gustar,Caleb Sivyer,Sarah Gamble,2021-01-20 Angela Carter s provocations to laughter and her enchantment with ludic narrative strategies are two key aspects of her aesthetic practice neither of which has been the focus of sustained study Ludics and Laughter as Feminist Aesthetic Angela Carter at Play responds to this lacuna in Carter criticism This international collection of eleven essays from acclaimed Carter scholars and emerging voices in the field of Carter studies seeks to reclaim play as a serious undertaking for feminist writing and scholarship and to foreground laughter as a potent affect While Carter s work turned to comedy in the later years from the first publication in 1966 until her last in 1992 her fiction poetry and journalism engaged in sharp social and cultural critique she habitually engaged this critique through ludic structures and wickedly funny narratives that challenged conventional norms and ways of thinking Contributors explore the diverse ways in which Carter compelled a complex and often uneasy laughter by means of a controversial aesthetic that merges a persistently ludic sensibility with a biting intransigent wit This volume draws on theories of play surrealism feminism as well as studies of feminist humour and Carter s own journals and diaries to reveal the ways in which her work moves readers towards the unexpected This volume will be of relevance both to scholars of Carter s work and of feminist humour more generally as well it will be of interest to students and general readers of Carter s fiction journalism and poetry    **A Concise Bibliography for Students of English** Arthur Garfield Kennedy,Donald B. Sands,1966
