Following on from Terence Donovan 100 Fashion Photos this new compact edition of collected photographs features over 100 of Terence Donovan's best portraits. Terence Donovan 1936-1996 was one of the foremost photographers of his generation with a career spanning almost 40 years. He came to prominence in London as part of a post-war renaissance in art, design and music, representing a new force in fashion and later advertising and portrait photography. He operated at the heart of London's Swinging Sixties both as participant in and observer of the world he so brilliantly and incisively captured with his camera. Gifted with an unerring eye for the iconic as well as the transformative, Donovan was a master of his craft and was an acclaimed portrait photographer. Featuring some of his most striking and memorable portraits from a vast array of people including iconic images of Sofia Loren, Naomi Campbell and Jimi Hendrix as well as Jazzy B, Jarvis Cocker and Charlotte Rampling, this small edition is an affordable yet luxurious introduction to Donovan's work, perfect for lovers of photography.

**Terence Donovan: 100 Fashion Photos** Terence Donovan, 2021. Terence Donovan was part of the English movement in fashion photography in the sixties and together with Bailey and Duffy was a photographer who made the world look at London for inspiration. His refusal to conform to expectation turned the fashion world on its head and left a lasting impact on fashion photography today. Born in East London in 1936 to a working-class family, Donovan opened his first photographic studio in 1959 and soon became known for doing things that were edgy and original. Terence Donovan Fashion is a celebration of his best fashion photography from his ground-breaking work in the sixties to his famous supermodel shots of the nineties. Beloved by fashion magazines from Vogue to Elle, Marie Claire and Harper's Bazaar, Terence Donovan had been at the top of his profession for over thirty years when he died in 1996. This is a stylish gift book containing some of his most famous shots, perfect for anyone who loves his work and lovers of fashion photography.

**Terence Donovan** Terence Donovan, Diana Donovan, David Hillman, 2000. In the early sixties a triumvirate of young working-class photographers burst onto the scene and turned the fashion world on its head. David Bailey, Brian Duffy and Terence Donovan ushered in the era of the photographer as cultural hero and as the son of an East End truck driver, Donovan in particular personified what the popular imagination believed to be the essence of the swinging sixties in London. Although often pigeon-holed as a fashion photographer, his magazine work actually formed just a fraction of his prolific output. When he died in 1996 after a career spanning forty years, he left an archive of nearly a million exposures which included his portraits, advertising commissions and documentary work. This new stunning retrospective of his best-known images and some previously unpublished has been compiled with the support of Terence's wife and promises to be an important contribution to photographic and social history publishing.
