The Consumer's Guide to Medical Lingo Charles B. Inlander,1992 *Terms of Empowerment* Charles B. Inlander,Paula Brisco,1990 Consumer Guide to Long-term Care Gary Ilminen,1999 The clear concise and easy to follow format provides critical information needed to make difficult decisions A must read for adult children of the elderly and anyone working in long term care Pamela M Mokler gerontologist Author lectures *The Morehouse Model* Ronald L. Braithwaite,Tabia Henry Akintobi,Daniel S. Blumenthal,W. Mary Langley,2020-06-16 How can the example of Morehouse School of Medicine help other health oriented universities create ideal collaborations between faculty and community based organizations Among the 154 medical schools in the United States Morehouse School of Medicine stands out for its formidable success in improving its surrounding communities Over its history Morehouse has become known as an institution committed to community engagement with an interest in closing the health equity gap between people of color and the white majority population In *The Morehouse Model* Ronald L Braithwaite and his coauthors reveal the lessons learned over the decades since the school s founding lessons that other medical schools and health systems will be eager to learn in the hope of replicating Morehouse s success Describing the philosophical cultural and contextual grounding of the Morehouse Model they give concrete examples of it in action before explaining how to foster the collaboration between community based organizations and university faculty that is essential to making this model of care and research work Arguing that establishing ongoing collaborative projects requires genuineness transparency and trust from everyone involved the authors offer a theory of citizen participation as a critical element for facilitating behavioral change Drawing on case studies exploratory research surveys interventions and secondary analysis they extrapolate lessons to advance the field of community based participatory research alongside community health Written by well respected leaders in the effort to reduce health inequities *The Morehouse Model* is rooted in social action and social justice constructs It will be a touchstone for anyone conducting community based participatory research as well as any institution that wants to have a positive effect on its local community Language, Corpus and Empowerment Luke Collins,2015-02-20 *Language Corpus and Empowerment* applies a novel corpus driven approach to the exploration of the concept of empowerment in healthcare The book proposes an innovative corpus based methodology for finding evidence of empowerment in language use using data from a video intervention delivered to families of deaf children as well as assessing the effects of the intervention on the family *Language Corpus and Empowerment* provides a working definition of empowerment which incorporates concepts from linguistics and learning theory uses corpus analysis to provide evidence of how video interventions can transform people s perspectives examines this new methodology as a potential tool for analysing conversational data longitudinally and at a case by case level demonstrates how a corpus based methodological approach can be applied in conjunction with other language based approaches such as discourse analysis and conversation analysis to explore the ways in which complex social processes occur

in interaction makes a valuable development in the assessment of the impact of healthcare interventions and the language of empowerment Insightful and ground breaking Language Corpus and Empowerment is essential reading for anyone undertaking research within corpus linguistics **The Heart of Long Term Care** Rosalie A. Kane,Robert L. Kane,Richard C. Ladd,1998 Long term care in the United States has taken the nursing home as its benchmark but the monetary social and psychological costs of nursing home care are all too high This book challenges the current dominance of nursing homes as the principal institution of long term care It offers a series of alternative models where both services and housing can be provided in a way that allows long term consumers to enjoy dignified normal lifestyles It addresses the political and economic consequences of making this decision The authors start with the premise that long term care is designed to assist people who lack the capacity to function fully independently They argue that no disabled person of any age should be required to forsake his her humanity in exchange for care The book rejects the artificial dichotomy between social and medical care asserting that both play important roles in psychological and physical well being of long term care patients The authors consider the need for competent and compassionate medicine and discuss the methods for improving both its coordination of care and its effectiveness The book redefines the meaning of safety and protection in long term care and how this goal can be accomplished without sacrificing quality of living As the new millennium and the aging of baby boomers approaches more creative approaches to providing better long term care are required This volume outlines a useful framework for the provision of effective and humane community based programs that are both feasible and affordable It will be an invaluable guide for geriatricians public health professionals family physicians nurses and others who care for elderly patients
