The Turn of the Cycle Serge Frolov, 2014-10-09 The monograph produces a new interpretation of the opening chapter of 1 Samuel by combining several hermeneutical models including the theory of chaotic dynamically unstable systems and the most recent essentially post modern form criticism to produce a new interpretation of the opening chapters of 1 Samuel It argues that 1 Samuel 1 8 is an integral literary unit whose stance on such pivotal issues as monarchy and cultic centralization poorly agrees with that of the balance of Deuteronomy Kings In the diachronic perspective this unit

can be construed as a post Deuteronomistic redactional interpolation polemically directed against several planks of the Deuteronomistic agenda In the synchronic perspective the pattern of relationship between 1 Samuel 1-8 and the balance of Genesis Kings calls for a non linear multi dimensional reading of the corpus Both interpretational trajectories lead to the conclusion that the thrust of the Former Prophets in its final form is controlled to a considerable extent by non Deuteronomistic elements Catalogue of Tabor College ...
