Choice Richard K. Gardner, Phyllis Grumm, 1976 **The Ends of Critique** Kathrin Thiele, Birgit M. Kaiser, Timothy O'Leary, 2022-03-01 The Ends of Critique re examines the stakes of critique in the 21st century In view of increasingly complex socio political realities and shifts in a fully globalized world the roles and manners of critique also change The volume offers an unprecedented re examination of critique under those conditions of global entanglement and asymmetrical relations from a diversity of scholarly perspectives within the humanities All contributions move the notion of critique into more diverse traditions than the Eurocentric Kantian tradition and emphasize the need to attend to a plurality of critical perspectives The volume s reflections move critique toward a situated perspectival and entangled critical stance with

interventions from decolonial and systemic deconstructive and post human ist perspectives In that way the volume develops a decidedly different approach to critique than recent considerations of critique as post critique Felski or those indebted to Frankfurt School thought and liberal theories of democracy It is the first full length research publication of the interdisciplinary research network Terra Critica **The Official Catholic Directory for the Year of Our Lord ...** ,1983
