The Dark Side Of Liberalism Unchaining The Truth:

The Dark Side of Liberalism Phil Kent, 2003 This book comes from a man on the front lines fighting daily battles with liberals in the courts of law and public opinion It challenges conservatives to speak out with forceful clarity on America s big issues race relations government s role in our lives political correctness the media immigration environment the runaway court system and its impact on freedom

The Official Handbook of the Vast Right-Wing Conspiracy 2008 Mark W. Smith, 2008-01-08 Already tired of the left wing media spin on the 2008 elections Had enough of Democratic talking heads hyping tax increases and the global warming scare Looking for an island of straight talking sanity in today s swamp of multi cultiliberal gibberish Look no further Mark Smith continues his crusade against the lunatic Left with this new edition of The Official Handbook of the Vast Right Wing Conspiracy Right on time for the 2008 elections this book shows you how to shoot down the latest liberal rants for bigger government a cowardly foreign policy and depraved social values Why stay silent in the face of so many leftist lies Grab a copy of The Handbook and you ll be ready to wade into a San Francisco cocktail party a Grateful Dead reunion concert or an Ivy League classroom and take on liberals on their home turf

Why Conservatives Tell Stories and Liberals Don't David M Ricci, 2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public s attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford

The American Prophecies Michael D. Evans, 2004-08-10 New York Times bestselling author Michael D Evans explains ancient biblical prophecies about current events that affect America s role and destiny in the twenty first century

Welcome to the Ivory Tower of Babel Mike S. Adams, 2004 Adams lampoons sacred liberal cows such as affirmative action ethnocentrism Gay Pride cultural insensitivity training multiculturalism and censorship
