Crawford Burkitt,2005-05-10 From the author s Preliminary Considerations I have begun this discussion of the earliest historical sources for the life of Jesus with the Apostles Creed and the Fourth Gospel rather than with the documents that modern criticism regards as giving us materials for history because I venture to think that the first thing needed to enable the modern investigator to judge the surviving documents aright is the attempt to look at them rather from the point of view of the early Christians than from that of our own aims and desires *Mark* Darrell Bock,2015-08-06 This comprehensive accessible introduction discusses the meaning and significance of Mark s gospel widely considered the first recorded treatment of Jesus **Beards, Azymes, and Purgatory** A. Edward Siecienski,2023 In *Beards Azymes and Purgatory* A.  the Greek text of the Corinthians and outlines the most important theological ethical and socio historical issues surrounding
 this seminal book **The Gospel of Matthew** John Nolland,2005-11-01 Having devoted the past ten years of his life to
 research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable
 range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without
 neglecting the Gospel s sources or historical background Nolland places his central focus on the content and method of
 Matthew s story His work explores Matthew s narrative technique and the inner logic of the unfolding text giving full weight
 to the Jewish character of the book and its differences from Mark s presentation of parallel material While finding it unlikely
 that the apostle Matthew himself composed the book Nolland does argue that Matthew s Gospel reflects the historical
 ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition
 Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for
 each section and an array of insightful critical approaches Nolland s Gospel of Matthew will stimulate students preachers and
 scholars seeking to understand more fully Matthew s presentation of the gospel narrative New Testament Essays

Bradshaw, 2023-06-20 Eucharistic Origins was published a number of years ago This revised edition continues to incorporate the work of the latest liturgical scholars in establishing that the earliest Christian celebrations arose out of varied forms of their ritual meals and not out of the Last Supper The custom of centering Christian practice in ritual meals seems to have lasted for about one hundred and fifty years before it began to be replaced by morning meetings at which the sacrament was distributed and subsequently by a complete celebration of the Eucharist It is here in the third and fourth centuries and not in the distant Jewish past that the forms of the classical eucharistic prayers emerged and developed The most important of these are presented in full and their theology discussed
