*Chariots of the Gods* Erich von Daniken, 2019-06-27 All over the world there are fantastic ruins and objects that cannot be explained by conventional history archaeology or religion In the ground breaking Chariots of the Gods Erich von Daniken provides answers to these questions why do religious texts often refer to Gods who descend from fiery chariots Why do modern space launch sites look like constructions on the plains of Nazca in Peru Was God an astronaut By looking at human history and the ruins of ancient civilisations with an open mind Erich von Daniken offers a new solution to these eternal mysteries in Chariots of the Gods Why for instance do the world s sacred books describe Gods who came down from the sky in fiery chariots and always promised to return How could an ancient Sanskrit text contain an account which could only be of a journey in an alien craft Compare photographs of American space centre launch sites to the constructions on the plains of Nazca in Peru In order to understand the mysteries which Erich von Daniken has catalogued we must go back to these ancient relics with an open

mind We must call in the resources and experience of sciences other than archaeology Chariots of the Gods is a provocative attempt to explain some of the universe s most interesting mysteries Erich von Daniken has spent a lifetime gathering evidence to prove that before the dawn of recorded history our ancestors were visited by an alien race Erich von Daniken was responsible for popularising the ancient astronaut hypothesis of human development Orthodox historians have been sceptical but a vast public have been drawn to his ideas by instinctive interest and wonder His 26 books have sold over 60 million copies in over 40 languages *Australian National Bibliography* ,1971 McX Ron Halliday,1997-10-23 What is going on in the Falkirk Triangle Why are UFOs being reported in the skies all over Scotland Are aliens abducting motorists on quiet country roads while unknown creatures stalk the countryside and hide in the murky waters of Highland lochs There is no question that Scotland is currently witnessing an extraordinary variety of paranormal activity but was it any different in the past No one has ever solved the mysteries of Flannan Isle the Standing Stones at Callanish or the shadowy secrets of Rosslyn Chapel McX sheds new light on these and many other enigmas from Scotland s past and present from UFOs and the paranormal to unexplained mysteries and dark secrets The cases included are all genuine They are all amazing Some are disturbing And some include elements that government agencies have tried to suppress Until now shrouded in mystery and secrecy these extraordinary case histories will convince you that in Scotland the truth really is stranger than fiction
