## **The Days:**

**The Days of Darkness** Donald J. Richardson, 2009-03-18 I began writing The Days of Darkness in 1972 Where the story came from I don't recall only that I envisioned a man running for his life Perhaps there is some connection to the writings of William Faulkner whose works I was studying at the time At any rate I wrote only a few thousand words before laying the manuscript aside Over the next few years I added to it but I think I didn't have a clear notion of where the story was going or what was to happen Only after three decades had elapsed did I return to the writing As I re-read it I began to formulate a notion of what to do with it and to explore where it might be directed Gradually I resumed writing and added characters discovering where it was leading and following some unstated inclination or impetus Soon it began to take shape forcing me to deal with the larger issues of North versus South black versus white justice versus injustice and man versus woman I suppose The Days of Darkness is in some arcane way allegorical But it isn't possible for me to explain that or even to explore it to me it's just a story I wrote in which I try to say something meaningful I think that is what all stories try to do **One in**

Maker the time leading up to the second coming of Christ is going to be intensely troublesome Find out what s to come and how to be prepared in these last days      **The Day My Brain Exploded** Ashok Rajamani,2013-01-01 A first generation Indian American explains how he had a full on brain bleed at the age of 25 right before his brother s wedding how he had to relearn even the most basic tasks and how his family helped during his recovery Original      *Religious Education in a Mediatized World* Ilona Nord,Hanna Zipernovszky,2017-05-10 In religious education digitization and mediatization processes result in the transformation of conventional media formats This leads to the development of new media formats which in turn necessitates a redefinition of the relationship between religious education and the media Keeping this in mind this volume first examines the importance of media for specific theological disciplines and then discusses current media pedagogical and media didactic approaches Later in the book the authors develop didactic perspectives on various methods these include internet based archive work and the use of digital teaching materials They also deal with current questions regarding religious education such as inclusion and cyber bullying etc Finally they identify some of the main didactic challenges for religious instruction in a mediatized world This volume is a plea for a wider understanding of education and is based in part on a German Swedish teaching and research cooperation Following this example it focuses on a future oriented networking of plural forms of education This resource is designed for students of theology and religious sciences as well as for religious education teachers      **God, Evidences, and Creation: Who God Is and Reasons for Believing** David Pratte,2019-12-25 A study of Bible teaching about the nature of God evidences for God Jesus and the Bible including a careful study of creation vs evolution Topics studied are God s power wisdom love and holiness The providence of God The number of individuals in the Godhead The Deity of Jesus The Holy Spirit and spiritual gifts Fulfilled prophecy miracles and the resurrection The significance of the Bible doctrine of creation The consequences of evolution Humanism compared to the Bible The length of the days of creation      **Israel and the Covenants in New Testament Times** Peter Williams, A Bible student reference A New Testament prophecy of a falling away from truth into apostasy and lawlessness in the final generation before Jesus Christ returns in glory is being fulfilled now and is shortly to end Yet Christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this or that Christ s return is therefore now almost upon us How and why this is the case is here explained thoroughly and logically with many examples directly from the word of God In God s saving plan for the world everyone must in time make a free will choice to become part of the Israel of God in order to access eternal life in the kingdom of God The route to take is the strait and narrow way Mat 7 13 14 that very few have so far found and it involves the biblical new and old covenants which both apply to this Israel Embark on this voyage only if you are willing to be challenged about some basic Christian preconceptions be a serious open minded Bible student and trust what the Bible teaches but remember that time is short What the Bible has taught me I see as both vital and urgent for our eternal salvation yet I know of no church or individual theologian who teaches what this book deals with in any substantive way Be

prepared for major challenges to your understanding just as God has challenged me In the epistles Paul refers to two Israels whom he calls Israel after the flesh I Cor 10 18 and the Israel of God Gal 6 16 I focus mainly on the latter but I also explain an unexpected but critically important connection between them Dependent on the teaching nearly all Christian denominations either teach nothing at all on it or almost the opposite of what Scripture repeatedly showed me Looking back I find this absolutely staggering Very few Christians understand that the new covenant also only applies to Israel as I will clearly show I no longer believe that the NT New Testament can be fully understood without this extra Israel dimension Had I felt I could deliver this in a more light hearted way I would have done so but its implications are too awesome and fundamental to our eternal life prospects for that
