“Colored Men” and “Hombres Aqui” Michael A. Olivas, 2020-04-30 This collection of ten essays originally published in 2006 to commemorate the 50th anniversary of an important but almost forgotten U S Supreme court case *Hernandez v Texas* 347 US 475 1954 is now available in trade paperback for the first time Involving Mexican Americans and jury selection this major case was published just before *Brown v Board of Education* in the 1954 Supreme Court reporter This landmark case the first to be tried by Mexican American lawyers before the US Supreme Court held that Mexican Americans were a discrete group for purposes of applying Equal Protection Although the case was about discriminatory state jury selection and trial practices it has been cited for many other civil rights precedents in the intervening 50 years Even so it has not been given the prominence it deserves in part because it lives in the shadow of the more compelling *Brown v Board* case There had been earlier efforts to diversify juries reaching back at least to the trial of

Gregorio Cortez in 1901 and continuing with efforts by the legendary Oscar Zeta Acosta in Los Angeles in the 1960s Even as recently as 2005 there has been clear evidence that Latino participation in the Texas jury system is still substantially unrepresentative of the growing population But in a brief and shining moment in 1954 Mexican American lawyers prevailed in a system that accorded their community no legal status and no respect Through sheer tenacity brilliance and some luck they showed that it is possible to tilt against windmills and slay the dragon Edited and with an introduction by University of Houston law scholar Michael A Olivas *Colored Men and Hombres Aqui* is the first full length book on this case This volume contains the papers presented at the Hernandez at 50 conference that took place in 2004 at the University of Houston Law Center and also contains source materials trial briefs and a chronology of the case

The Fear of Too Much Justice Stephen Bright, James Kwak, 2023-06-20 A legendary lawyer and a legal scholar reveal the structural failures that undermine justice in our criminal courts An urgently needed analysis of our collective failure to confront and overcome racial bias and bigotry the abuse of power and the multiple ways in which the death penalty s profound unfairness requires its abolition You will discover Steve Bright s passion brilliance dedication and tenacity when you read these pages from the foreword by Bryan Stevenson Called passionate and eye opening by Booklist *The Fear of Too Much Justice* by the legendary death penalty attorney Stephen B Bright and legal scholar James Kwak offers a heart wrenching overview of how the criminal legal system fails to live up to the values of equality and justice The book ranges from people convicted of crimes and condemned to death because of their race and poverty to poor people squeezed for cash by private probation companies because of trivial violations Bright and Kwak also offer examples from places around the country that are making progress toward justice With a foreword by Bryan Stevenson and now in an accessible paperback format this urgent call to action is an invaluable resource Publishers Weekly *School Library Journal*, 2006

Friedman, 2006 Presents essays with divergent views chronicling the history of the debate and controversy over the death penalty **The Death Penalty** Megan Manzano, 2017-12-15 Is capital punishment morally justified Although the issue generates strong opinions there are no easy answers when it comes to taking the life of a human being Supporters of the death penalty believe it deters law breaking and is the only punishment strong enough for horrific crimes such as child murder and genocide Opponents argue that it violates human rights and point to its finality in the face of judicial system error and unfairness This resource presents a fascinating progression of current viewpoints that reflect the many facets of the death penalty debate **Coalition Building in the Anti-Death Penalty Movement** Sandra Joy, 2010-01-05 While a great deal of research has been done about many aspects of the death penalty very little attention has been paid to the movement organized against it Coalition Building in the Anti Death Penalty Movement fills that gap with an empirical examination of the external and internal factors that shape the role race plays in the anti death penalty movement While the death rows across the U S are overwhelmingly filled with racial minorities and the poor the ranks of the anti death penalty movement are dominated by white middle class professionals The attention given to race arises out of this racial distinction between death row inmates and the activists who advocate for them By conducting interviews with white black and Latino anti death penalty activists this book examines the influence of race on the mobilization of activists and their approach toward abolition The concepts of political opportunity mobilizing structures and framing provided by the political process model are used to describe the complex manner in which moral opposition to the death penalty is shaped by the racial realities of the activists Although racial tensions lie just below the surface they nonetheless create real obstacles for the movement as it strives to build a racially diverse coalition of activists aimed at death penalty abolition **Redefining Rape** Estelle B. Freedman, 2013-09-03 The uproar over legitimate rape during the 2012 U S elections confirms that rape remains a word in flux subject to political power and social privilege Redefining Rape describes the forces that have shaped the meaning of sexual violence in the U S through the experiences of accusers assailants and advocates for change *Criminal Juries in the 21st Century* Cynthia Najdowski, Margaret Stevenson, 2018-08-20 Criminal Juries in the 21st Century explores the increasingly wide gulf between criminal trial law procedures and policy and what

scientific findings have revealed about the human experience of serving as a juror Readers will contemplate myriad legal issues that arise when jurors decide criminal cases as well as cutting edge psychological research that can be used to not only understand the performance and experience of the contemporary criminal jury but also to improve it Congressional Record United States.
