The Deceptive Universe:

The Ultimate Deception Bechara H. Charbel, 2013-01-09 This book is not intended to drive people away from their religion or denounce their beliefs in whatever God they believe in. It is simply aimed at waking up the Godly spirit we have all been infused with, recognizing it for what it is, and putting it to its ultimate use. Since the invention of religion and its twisted concept of God, human beings have been taught that they are of a subservient nature and therefore servants to their God. It is as if man and woman beget children for their own gratification, and not so those children can forge their own path and destiny in life. Once the human spirit is liberated and lifted to the Godly heights, it was destined to reach by its creator. Wonderful things will happen; the least of them is true happiness on this earth. Evil Deception Bruce S. Poteat, 2013-05-23 Unexpectedly, Alexander, who is only a young boy, finds himself attending his first Passover and witnessing the crucifixion of Jesus. In a strange twist of events, he uncovers Satan's plan to deceive the church and the world. As the only person on earth who knows of Satan's scheme, he falls under the protection of the powerful archangel Michael. In for the journey and adventure of his life, he travels to the twenty-first century to warn the world. Evil Deception takes you into the depths of Satan's schemes throughout history, specifically his lies and deceptions that will usher in the end times. Though Satan has worked nonstop to kill the promised seed of God since the fall of man into sin, his plan took a sinister turn on the day of the crucifixion, which set the stage for the destruction of the church and the rise of the Antichrist. *The Delusion Series Books 1-3: The Delusion / The Deception / The Defiance* Laura Gallier, 2024-02-20 This Christy Award-winning series follows Owen Edmonds in a coming-of-age paranormal thriller as he becomes an eyewitness to unseen forces of terror provoking his classmates to self-destruct. Readers are drawn to the page-turning suspense, supernatural and mysterious elements, and the relevant social themes such as mental, emotional health, suicide, addictions, and strained relationships. Despite the heavy themes, the power of choice, faith, and hope make for an inspiring story with the potential to transform the way readers view themselves and others. This set includes the three books in the Delusion series: *The Delusion* By March of Owen Edmonds, senior year, eleven students at Masonville High School have committed suicide. Owen dismisses the deaths as coincidences until a near-death experience makes him an eyewitness to unseen forces of terror provoking his classmates' deaths. Owen's heart-pounding journey forces him to reconsider everything he believes as dangers loom too large to ignore. *The Deception* A supernatural visitor tests Owen's ability to discern between truth and lies as the community is rocked by abductions and disappearances. Forced to choose between the people he loves and trusts most, Owen must fight to discover what is real while uncovering the ultimate culprits in his town, human and otherwise, despite their determination to stay hidden. *The Defiance* Owen Edmonds's crucial mission to save lives escalates when seven Cosmic Rulers of darkness close in to decimate his town and nation. As the battle between good and evil culminates in an epic standoff, Owen and the love of his life must make the decision of a lifetime: will they face their fears or run. *The Power of Deception* Sufian Z. Taha, 2016-04-12 In this fictional

Satan's Deadly Deception, Evolution-Simply Put Nancy Hamilton, 2004-02 Hamilton searches the Scriptures looks at evolution and shows how the Bible refutes every concept of evolution's theories

The Path Less Traveled Jerrold Thacker, 2015-08-25 Since man first began looking at the stars he's wondered about their origins and his own Modern astronomers have explained the beginnings of the universe with the Big Bang Theory in which all matter erupted from a single explosion billions of years ago As the universe's mysteries have deepened astronomers have introduced an increasing number of concepts which defy understanding such as an expanding and accelerating universe galaxies at incredible distances massive and unexplainable black holes quasars and bazars with unbelievable distances and energy dark matter and dark energy which supposedly comprise 96% of the universe but can't be found pulsars which defy logic and many other phenomenon which stretch our imagination Amateur astronomer Jerrold Thacker calls the Big Bang Theory and its accompanying scientific theories preposterous Instead he proposes an alternate explanation for what we observe based not on the prevailing Doppler Effect and the concept that the universe's galaxies are receding from our own with increasing velocity but on the Tired Light Effect based on Einstein's General Theory of Relativity which shows that gravitational fields in outer space slow light causing a color shift in light produced by distant objects This new and totally different view of the universe explores the Tired Light Effect on what we observe in the universe The author dismisses much of what is currently espoused by the astronomical community Instead he points to Einstein's predictions and their integral role in explaining every phenomenon hypothesized by modern astronomers revealing the wonder of the cosmos without a big bang or expanding universe

THE WHISTLE-BLOWER ON CORRUPT SCIENCE P.S.J. (Peet) Schutte,2012-12-14 The Whistle Blower on Corrupt Science Science went corrupt the day Edmund Halley in 1705 told the world he used the physics formula of his friend Isaac Newton to calculate the route that Halley's comet took and the time it would arrive This was where science went crooked a position that went on ever since because that same dishonesty is still present in Newtonian science Halley calculated the time periods since 1066 at the battle of Hastings and found a comet was mentioned every seventy six years This was very ordinary for a man of his class so he had to get far cleverer than backdate history to get a time frame So he really got clever and conspired with the biggest fraud in science ever since the man that stole all the physics Doctor Hooks invented the man who even got Kepler figures wrong the man called Isaac Newton Halley said he used the formula of Newton to calculate the route the comet took This says he used mass to calculate how the comet came to the sun According to Newton's science the sun's mass pulled the comet and the comet's mass pulled right back and in this way the comet came to the sun I don't go into the comet

as such in this book but I do in other books In this book I show how Newtonian science started to go corrupt in 1705 with one conspiracy to cheat and became the corrupt myth it now developed into How do I know Halley did not use the mass pull mass idea It is because if he did so then how did he calculate that the comet was cyclic or that it returns every seventy six years If mass pulled the comet to the sun what then pushed to comet back into outer space His big ambition was to prove the comet comes and goes but if mass makes the comet come what pushes the comet back You know what is the biggest fraud that came to be called Newtonian science The most brilliant minds on earth this past three hundred years failed to asks this simple question if mass pulls the comet closer what pushes the comet away If mass forms the force of pulling and pulled the comet closer then what pushed the comet back into the darkness of the beyond How did he know the mass of Halley s comet Nobody then asked questions No one asks uneasy question except me I show the fake science we have Newton and Halley got away with corrupt science If you wish to prove wrong I challenge you to prove that Newton is correct Today just like it was and keeping the trend go on modern Newtonians gets away with even more corrupt science than anyone can imagine

The Deception of Theistic Evolution Mark Allfree,Matthew Davies,2016-11 This book examines the beliefs of theistic evolutionists from the perspective of the teaching of the Bible It is demonstrated that theistic evolution is not consistent with the truth revealed in the Bible and undermines a number of key Gospel doctrines including the nature and mortality of man the origin of sin and death and the inspiration of the scriptures **HuMan Economy** Hans-Jürgen Klaussner EN,2025-03-03 Hans J rgen Klaussner spent 27 years developing the HuMan route inventory management system which has now reached maturity This means that the old Rothschild banking system which is on the verge of collapse can be replaced along with interest and fiat money and people can be led into a positive future States can introduce it on an ad hoc basis with the help of innovative software He ran several companies with many employees and holds several international patents *A COSMIC BIRTH... STARTING BEFORE ZERO* PSJ (Peet) Schutte,2013-07-12 I explain Genesis 1 v 1 the beginning or birth of the Universe in terms of the Bible using not theology but mathematics I prove Genesis 1 verse 1 to be correct by using mathematics The Bible says IN THE BEGINNING OF CREATION 1 when God made heaven and earth 2 the earth was without form and void 3 with darkness over the face of the abyss Yes this I do explain mathematically and I manage this because I prove and explain four cosmic keys that build the Universe namely The Titius Bode Law The Lagrangian Points The Roche limit and Coanda Effect Everything in nature in the Universe applies these phenomena in how space forms The Titius Bode Law The Lagrangian Points The Roche Coanda Effect forms the Universe in as much as forming stars in spheres and forming galactica in circles These principles form space and materials This is a process that produces space and that is how the Universe began before the Universe began in space I take the cosmic birth back to before space came about as the Big Bang Light of Truth, Or, An English Translation of the Satyarth Prakasha Swami Dayananda Sarasvati,1927 Programmed by Deception Solaris BlueRaven,2012-08-02 Programmed by Deception Eye of the Remote Series II is a sequel to Ms
