Duggan, 2008-10-01 Twelfth century French poet Chr tien de Troyes was one of the most influential figures in Western literature for his romantic poems on the legend of King Arthur gave rise to a tradition of storytelling that continues to this day This important and fascinating

book is a study of all of Chr tien s work Joseph J Duggan begins with an introduction that sets Chr tien within the social and intellectual currents of his time He then organizes the book in chapters that focus on major issues in Chr tien s romances rather than on individual works topics that range from the importance of kinship and genealogy to standards of secular moral responsibility and from Chr tien s art of narration to his representation of knighthood Duggan offers new perspectives on many of these themes in a chapter on the influence of Celtic mythology for example he gives special attention to the ways Chr tien integrated portrayals of motivation with mythic themes and characters and in discussing the Grail romance he explores the parallels between Perceval s and Gauvain s adventures *Handbook of Medieval Studies* Albrecht

(de Troyes),2015 The mysterious and haunting Grail makes its first appearance in literature in Chr tien de Troyes Perceval at the end of the twelfth century But Chr tien never finished his poem leaving an unresolved story and an incomplete picture of the Grail It was however far too attractive an idea to leave Not only did it inspire quite separate works his own unfinished poem was continued and finally completed by no fewer than four other writers The Complete Story of the Grail is the first ever translation of the whole of the rich and compelling body of tales contained in Chr tien s poem and its four Continuations which are finally attracting the scholarly attention they deserve Besides Chr tien s original text there are the anonymous First Continuation translated here in its fullest version the Second Continuation attributed to Wauchier de Denain and the intriguing Third and Fourth Continuations probably written simultaneously with no knowledge of each other s work by Manessier and Gerbert de Montreuil Two other poets were drawn to create preludes explaining the background to Chr tien s story and translated here also are their works The Elucidation Prologue and Bliocadran Only in this The Story of the Grail s complete form can the reader appreciate the narrative skill and invention of the medieval poets and their surprising responses to Chr tien s theme not least their crucial focus on the knight as a crusader Equally Chr tien s original poem was almost always copied in conjunction with one or more of the Continuations so this translation represents how most medieval readers would have encountered it Nigel Bryant s previous translations from Medieval French include Perlesvaus the High
