The Pall Mall Magazine ,1911 *The Post Card* Jacques Derrida,2020-10-28 17 November 1979 You were reading a somewhat retro loveletter the last in history But you have not yet received it Yes its lack or excess of address prepares it to fall into all hands a post card an open letter in which the secret appears but indecipherably What does a post card want to say to you On what conditions is it possible Its destination traverses you you no longer know who you are At the very instant when from its address it interpellates you uniquely you instead of reaching you it divides you or sets you aside occasionally overlooks you And you love and you do not love it makes of you what you wish it takes you it leaves you it gives you On the other side of the card look a proposition is made to you S and p Socrates and plato For once the former seems to write and with his other hand he is even scratching But what is Plato doing with his outstretched finger in his back While you occupy yourself with turning it around in every direction it is the picture that turns you around like a letter in advance it deciphers you it preoccupies space it procures your words and gestures all the bodies that you believe you invent in order to determine its outline You find yourself you yourself on its path The thick support of the card a book heavy and light is also the specter of this scene the analysis between Socrates and Plato on the program of several others Like the soothsayer a fortune telling book watches over and speculates on that which must happen on what it indeed might mean to happen to arrive to have to happen or arrive to let or to make happen or arrive to destine to address to send to legate to inherit etc if it all still signifies between here and there the near and the far da und fort the one or the other You situate the subject of the book between the posts and the analytic movement the pleasure principle and the history of telecommunications the post card and the purloined letter in a word the transference from Socrates to Freud and beyond This satire of epistolary literature had to be farci stuffed with addresses postal codes crypted missives anonymous letters all of it confided to so many modes genres and tones In it I also abuse dates signatures titles or references language itself J D With *The Post Card* as with Glas Derrida appears more as writer than as philosopher Or we could say that here in what is in part a mock epistolary novel the long section is called Envois roughly dispatches he stages his writing more overtly than in the scholarly works *The Post Card* also contains a series of self reflective essays largely focused on Freud in which Derrida is beautifully lucid and direct Alexander Gelley Library Journal **When Night Breaks** Janella Angeles,2021-10-05 In Janella Angeles s *When Night Breaks* the dramatic last act of the Kingdom of Cards duology the stage is set the spectacle awaits and the show must finally come to an end The competition has come to a disastrous end and Daron Demarco s fall from grace is front page news But little matters

to him beyond Kallia the contestant he fell for who is now missing and in the hands of a dangerous magician Daron is willing to do whatever it takes to find her Even if it means unearthing secrets that lead him on a treacherous journey risking more than his life and with no promise of return After falling through the mirror Kallia has never felt more lost mourning everything she left behind and the boy she can't seem to forget Only Jack the magician who has all the answers but can't be trusted remains at her side Together they must navigate a dazzling world where mirrors show memories and illusions shadow every corner ruled by a powerful showman who's been waiting for Kallia to finally cross his stage But beneath the glamour of dueling headliners and never ending revelry a sinister force falls like night over everyone with the dark promise of more more power beyond Kallia's wildest imagination and at a devastating cost The truth will come out a kingdom must fall hearts will collide And the show must finally come to an end **Styrian Witches in European Perspective** Mirjam
