Better Health Economics Tal Gross, Matthew J. Notowidigdo, 2024-01-09 A health economics textbook for the rest of us The economics of healthcare are messy For most consumers there's minimal control around costs or services Sometimes doctors get paid a lot other times they don't get paid at all Insurance and drug companies are bad except when they're good Everyone still uses fax machines If economics is the study of markets and efficiency how do we make sense of any of this Better Health Economics is anwarts and all introduction to a field that is economically speaking more exceptions than rules Drawing on combined decades of teaching MIT trained economists Tal Gross and Matthew J Notowidigdo offer readers an accessible nonexpert primer on the field's essential concepts and critically a framework for thinking about this increasingly imperfect and important market Written in warm spare prose and with a minimum of theory or math Better Health Economics is an ideal entry point in health economics for the range of fields for which the topic is essential By understanding health economics as an ongoing effort to retain good things while eliminating wasteful things students from social science medicine and public policy will draw a richer and more scalable understanding of concepts that are traditionally opaque even daunting Better Health Economics is a love letter to a topic that

is traditionally unloveable Healthcare may be a failed market but it s our failed market Slinging Doughnuts for the Boys
