Explaining the Reasons We Share Mark Schroeder, 2014-05-22 Normative ethical theories generally purport to be explanatory to tell us not just what is good or what conduct is right but why Drawing on both historical and contemporary approaches Mark Schroeder offers a distinctive picture of how such explanations must work and of the specific commitments that they incur According to Schroeder explanatory moral theories can be perfectly general only if they are reductive offering accounts of what it is for something to be good right or what someone ought to do So ambitious highly general normative ethical theorizing is continuous with metaethical inquiry Moreover he argues that such explanatory theories face a special challenge in accounting for reasons or obligations that are universally shared and develops an autonomy based strategy for meeting this challenge in the case of requirements of rationality Explaining the Reasons We Share pulls together over a decade of work by one of the leading figures in contemporary metaethics One new and ten previously published papers weave together treatments of reasons reduction supervenience instrumental rationality and legislation to paint a sharp contrast between two plausible but competing pictures of the nature and limits of moral explanation one from Cudworth and one indebted to Kant A substantive new introduction provides a map to reading these essays as a unified argument and

qualifies their conclusions in light of Schroeder's current views. Along with its sister volume *Expressing Our Attitudes*, this volume advances the theme that metaethical inquiry is continuous with other areas of philosophy. **Thanks for the Dance: Transforming Grief into Gratitude When Your Spouse Dies** Fred Abrams, Jeri Abrams; 2013-09-17 Your spouse's death catapults you into a nightmare, likely the most stressful event of our life. You feel numb, loneliness overwhelms you, you feel adrift, desperate for something to hang onto. You want to pull the covers up over your head and make this all go away. The pain and suffering seem unbearable. You search for some magic answer or formula to make things all better. Fred and Jeri are two ordinary folks who have both been there and found a pathway they hope will help you find your way too. Pain is Inevitable. Suffering is Optional. Buddhist Proverb: Nothing will make the pain of this loss magically go away. You can reduce the suffering. Fred and Jeri offer numerous suggestions for dealing with the things we all experience, several unique exercises to help you figure out important feelings and emotions, and many inspirational quotations. They talk about things seen in no other book. They made it through this nightmare, and so can you. I had no expectation of finding the book so engaging, and so on point. George Devine, widower. Your book is a kind and generous action to help others during one of the hardest times in a life. Thanks for caring enough to share light when others are in the dark. Fred Dudding, widower.
