imagined as an ecological instrument a volatile compound of irony grotesquerie and mischievous insight that exposes the carbonised scaffolding of late capitalist life Rather than sneering at catastrophe the chapters anatomise the mechanics defamiliarising punch line carnival inversion affective whiplash by which humour slips past guard dogs and rouses an anaesthetised public The horizon against which this inquiry unfolds is the Capitalocene a name that indicts capitalism not Man as the principal geological agent of ruin Moving from Aristophanes to Atwood from street theatre to streaming satire each text shows laughter doing intellectual lifting In one moment it fractures complacent common sense in the next it stitches together circuits of feeling in which eco grief can transmute into civic resolve Juxtaposed with the authority of tragic form dark comedy proves the more permeable solvent it dissolves cultural defences lets paradox breathe and leaves readers wondering how ecosystems became punch lines Methodologically the book is multidisciplinary Literary tangles with environmental philosophy humour theory quarrels with eco Marxism cultural studies supplies the ethnographic grit that keeps abstraction honest By braiding those strands the argument departs from standard ecocritical curricula insisting that jokes are not side shows but catalytic sites where ethics affect and political economy collide Designed for advanced undergraduates yet hospitable to researchers the volume refuses the consolations of easy optimism even as it gestures toward actionable hope Its wager is simple teach readers to hear the subversive crackle inside dark laughter and they may also learn to re script the damaged world that provokes it

**ABSURD** Dr. Apeksha , 2021-01-15 This book is a complete and comprehensive projection of John Whiting as an absurdist playwright It is a round and unvarnished story of a prodigious playwright who within a short span of his life did much to outshine his contemporaries His journey was not limited to stage and theatre He also wrote for the films television and even

radio The journey began with *The Conditions of Agreement* in 1946 and ended with *The Devils* in 1961 In between he wrote many landmark plays through which one can trace the evolutionary trajectory of a legend in the making who was a confluence of mind and mystery love and revenge sentimentality and blood lust His plays are replete with sin and sleaze callousness and collusion This was because in Whiting one also comes across the diminution of norms owing to ethical elasticity and dispensability of principles In his plays the pathology of power is matched by the ethos of human failings as is exemplified by the rise and fall of Grandier in *The Devils* Here the banality of power fails to keep distance between pretense and principles Bereft of the romance of renewal and predictability many of his plays end up on disjointed note in the best tradition of the theatre of the absurd The playwright's obsession with pre mediated violence creates a disconnect between storyline and characterization In practically every plays of Whiting creates a heady cocktail of fear violence loathing and paranoia and yet they make for a compelling reading This book is a summary of my findings regarding John Whiting with terse comments on his qualities as an absurdist playwright It has been my endeavor to assess him both as a literary figure and a playwright wedded to the absurdist tradition **Genre-Busting Dark Comedies of the 1970s** Wes D.
