Sapiential Perspectives: Wisdom Literature in Light of the Dead Sea Scrolls Gregory Sterling, 2018-12-24 The papers in this volume were originally read at the Sixth International Orion Symposium The primary focus of the volume is on the wisdom texts from Qumran that have been fully edited only in recent years especially 1Q 4QMysteries and 4QInstruction Prior to the discovery of the Scrolls our knowledge of wisdom literature in the Second Temple period was limited to contemporary biblical books apocryphal works and pseudepigraphical writings These recently published compositions now allow for a more nuanced picture of wisdom literature and its impact on and interaction with other genres In addition to shedding light on the world of their authors these texts illustrate how biblical wisdom was reused in new contexts and provide a missing link between earlier and later sapiential compositions

[Liturgical Perspectives: Prayer and Poetry in Light of the Dead Sea Scrolls](#) Esther G. Chazon, Ruth Clements, Avital Pinnick, 2018-12-24 The papers published in this volume were presented at the Fifth Orion International Symposium Jerusalem 2000 which focused on prayer and poetry in light of the Dead Sea Scrolls The volume examines the recently published poetical and liturgical texts from Qumran against the background of Second Temple Judaism its biblical antecedents and later rabbinic developments The essays treat a variety of prayers and religious practices as well as major

issues in the history of Jewish liturgy Topics range from magic mysticism and thanksgiving to lamentation fast day rituals communal worship and the relationship between the prayers from Qumran and the traditional Jewish prayers The application of new Scrolls material to this breadth of topics constitutes an important contribution to the study of religious poetry religious practice and liturgy

International Symposium,2010 This volume presents new perspectives on the ancient texts discovered at Qumran The essays offer fresh insights into particular texts and genres by applying methods and constructs drawn from other disciplines to the study of the Dead Sea Scrolls and by exploring new as well as long standing issues raised by these works The topics and approaches engaged include group identity memory ritual theory sectarian sociology philosophy of education liturgical anthropology Jewish law history of religion and mysticism The articles in this volume were originally presented at the Tenth Annual International Orion Symposium sponsored in 2005 by the Orion Center for the Study of the Dead Sea Scrolls and Associated Literature at the Hebrew University of Jerusalem

Jewish Life and Thought among Greeks and Romans Louis H. Feldman,1996-10-01 Two of the world s leading authorities on the classical era bring together a comprehensive treasury of sources on Judaism in the ancient period

Dirt, Greed and Sex William Countryman,2013-01-25 Conducting a thorough examination of sexual ethics in the New Testament this work argues that the New Testament writers did not construct a new sexual ethic from the ground up but took over existing cultural patterns and refocused them pushing some elements from the centre to the periphery This suggests a pattern of ethics for contemporary life Discussing biblical notions of purity and property which dominate ethical ideas in the New Testament the author characterizes sex as one of the rich blessings of creation to be received with delight and thanksgiving Countryman s generous and eirenic views on sexual matters based as they are on solid biblical research are a welcome intervention in an area which unfortunately in Christian circles tends still to be dominated by conservatism and misinformation rather than by liberal principle

Rabbinic Perspectives: Rabbinic Literature and the Dead Sea Scrolls Steven Fraade,Aharon Shemesh,Ruth Clements,2018-11-01 The studies in this volume examine the intersection of the Dead Sea Scrolls with early rabbinic literature This is a particularly rich area for comparative study which has not heretofore received sufficient scholarly attention While some of the contributions in this volume focus on specific comparative case studies others address far reaching issues of historical and comparative methodology Particular attention is paid to questions of the nature of sectarian and rabbinic law and how each may elucidate the other These studies model the directions that need to be pursued in future scholarship on the lines of continuity and discontinuity that connect and differentiate these two literary corpora and their respective religious cultures and social structures
