The Critical Difference Barbara Johnson, 1985-03 Barbara Johnson investigates the significant and illuminating ways in which both literature and criticism ate critically different from what they purport to be Her subtle and provocative studies of Balzac Mallarme Baudelaire Apollinaire Melville Poe Bathes Lacan Austin and Derrida take a refreshing new approach to the fundamental questions of meaning interpretation and the relationship between literature and criticism In each of seven essays a clear precise and detailed reading of the rhetoric of one of more literary or critical works reveals the text s fundamental discrepancies ambuquities and contradictions If rhetoric is seen as language s capacity to differ from literal statement and if to differ can also mean to disagree then the reading of the rhetoric of literature and theory here is an attempt to capture the logic of a text s own disagreement with itself
