

Origins of the Fourth World War Decadence

by J.R. Nyquist

Geoff Metcalf, KSFO talk show host and WorldNetDaily columnist

"Mr. Nyquist's 'Origins of the Fourth World War,' is a professional geopolitical research and analysis book. It is a well-researched and informative work. Without any exaggerations, it's possible to compare the results of Jeff's work with an intelligence agency or a serious think-tank's research and analysis during many months. ... His book is very important for the National security of America and needs to be used for the protection of the United States from current and prospective dangers."

"Mr. Nyquist is one of the most aggressive and investigative thinkers and authors working the intelligence beat today. Focused on the issue of national and global security, 'Origins of the Fourth World War' offers a frank, albeit disturbing exploration of twenty-first century challenges. Reading this book will awaken anyone from their comfort zone."
