Hammoudeh,2016-05-06 The author of this thought provoking addition to Gower s Transformation and Innovation Series has worked as a management consultant in the Arab Middle East for 25 years In Islamic Values and Management Practices she acknowledges that businesses and other organizations in the region face urgent concerns in relation to quality and transformation but argues that these issues might be more appropriately addressed by the application of an Islamic Management Model rather than the Western one hitherto applied Over time a set of management systems based on Islamic values has been developed by the author These systems recognise the need to build human organizations socially and politically as well as commercially and also the recognition that for Muslims justice is the ultimate value bringing balance between the individual s soul and spirit on the one hand and the organization s soul and spirit on the other This Islamic management model stresses that effectiveness is an outcome of operating efficiently and at the same time unifying the organization s objectives with those of its employees and wider society and ensuring that at the strategic level the long view is always maintained Recounting her own personal and business journey Maqbouleh Hammoudeh presents the outcomes of research that has tested the application of the Islamic Management Model and its ability to deliver the desired quality and transformation outcomes in a major civic or profit making organization At a time when many practitioners and business educators are seeking new management approaches this revealing case study sheds light on the evolution of a contemporary theory of management for the Muslim World *Human Dimensions for Total Quality Management* Nayantara Padhi,Sasmita Palo,2005 The Hunt For Quality Has Become The One And Only One Strategic Force Leading To Organisational Success And Growth In Both National And International Markets In The New Age Of Globalisation The Organisations Which Will Succeed Are Those That Can Uphold A Dedication To Total Quality In Each And Every Organisational Function In This Perspective Managing People Effectively And Decorously Has Become More Indispensable Than Before People Are The Major Basis Of Any Organised Endeavour No Matter How Sophisticated The Quality Strategy Of The Organisation Is It Won T Pass With Flying Colours Unless People Are Earnestly Involved And Committed To It People Are Inexorably The Key To Achieve Quality The Purpose Of The Present Book Is To Assist The Academics Researchers And In Particular Practitioners To Comprehend And Manage People In Their Endeavour To Achieve Quality The Book Is Based Upon The Research Work Of The Authors On Human Dimension Of Total Quality Management Conducted At Rashtriya Ispat Nigam Limited Vishakhapatnam Steel Plant Which Is A Quintessence Of Successful Implementation Of Tqm Programme In The Indian Organisations It Is A Minutiae Of The Strategic Concepts Tools And Techniques Of Tqm And Contemplates The Core Issue Of Tqm And Human Resource Interface The Thrust Of The Book Is To Look At How Tqm Is Practised In Indian Organisations With An Accentuated Emphasis On The Role Of Hr Professionals And Various Human Factors Diverse
