## **The Desireelemental:**

The Solar System Lieut.-Col. Arthur E. Powell, 2018-02-27 The aim of the present volume is to give a co-ordinated and coherent view of the forest rather than to describe in detail each particular tree. The student may then as his leisure permits and his tastes impel study for himself the histories of the separate trees, bushes, thickets and so on which collectively make up the gigantic forest of lives which populate the amazing world or rather series of worlds in which we have our being and evolve. The work is planned in three main sections. First the field in which evolution takes place is described. This involves a study of the various globes, their successive periods of activity and obscuration, the chains and schemes of evolution. It is the form-side of our subject, a description of the places where life evolves. The second section deals with the various streams of life which are poured into the prepared field and the method by which those streams steadily evolve and pass through the various stages or levels of attainment or growth. These processes are here dealt with in broad outline only, giving the student a bird's-eye view of the whole, stately march of events. The third section describes in much more detail the progress of the component parts of certain of the kingdoms of life, more especially the human races and sub-races. In this section, however, as already stated, full elaboration of detail is avoided; the object being not so much to give the student an encyclopedic mass of information as to enable him to perceive and understand the principles determining the mighty plan in obedience to which everything is ordered in this superbly ordered universe in which not a sparrow falls on the ground save by the will of the Father of the System to which we have the honour to belong. *The Theosophic Messenger*, 1913      **The Inner Life**, Charles Webster Leadbeater, 1917      *The Second Coming* Joel D. Anastasi, 2008-09 Two thousand years ago the Archangel Gabriel announced the coming of a new age with the birth of Jesus the Christ. Now Gabriel is proclaiming a new 2 000 year age, one of man's spiritual unity. This New Age was born January 23 1997 when planets aligned to form a six-point star, the same configuration that announced Jesus' birth 2 000 years ago. In this New Age humans will follow the pattern of self-mastery that Jesus demonstrated to awaken the soul. This Gabriel says is the Second Coming. It is not The Christ, the man coming to rescue and save you. What he was telling you was that the Christ lies within you. You are the Christ. The time in evolution has come for the Christ Consciousness, the soul to awaken in all humankind. We come to give you the step-by-step process for the awakening of the Christ Consciousness in all humanity. In this in-depth and intriguing interview Joel D. Anastasi has transcribed wisdom received from the Archangel Gabriel who communicated to Joel through trance channel Robert Baker, his spiritual advisor. Working from hundreds of pages of interviews, Anastasi not only shares Gabriel's wisdom on great spiritual themes but also provides Energizing Exercises to prepare you for the awakening of the soul.      **First Principles of Theosophy** Curuppumullagē Jinarājadāsa, 1921      **Life Beyond Death** Anil Sharma, 2014-09-18 The author Sri Anil Sharma was born in Ambala, India. *The Other Side of Death, Scientifically Examined and Carefully Described* Charles Webster Leadbeater, 1928      *The Astral Plane* C. W. Leadbeater, 2019-01-09 IN the extensive literature of Theosophy this little work stands out for certain specially marked characteristics It records an attempt to describe the Invisible World in the same manner that a botanist would describe some new territory on this globe not explored by any previous botanist Most works dealing with Mysticism and Occultism are characterised by the lack of a scientific presentation such as is exacted in every department of science They give us far more the significance of things rather than descriptions of the things themselves In this little book the author approaches the Invisible World from the modern standpoint of science The first point which it is necessary to make clear in describing this astral plane is its absolute reality In using that word I am not speaking from that metaphysical standpoint from which all but the One Unmanifested is unreal because impermanent I am using the word in its plain every day sense and I mean by it that the objects and inhabitants of the astral plane are real in exactly the same way as our own bodies our furniture our houses or monuments are real as real as Charing Cross to quote an expressive remark from one of the earliest Theosophical works They will no more endure for ever than will objects on the physical plane but they are nevertheless realities from our point of view while they last realities which we cannot afford to ignore merely because the majority of mankind is as yet unconscious or but vaguely conscious of their existence      **The Other Side of Death** Charles Webster Leadbeater, 1903      **The Mental Body** Arthur Edward Powell, 1927      **The Astral Plane: Its Scenery, Inhabitants and Phenomena** Charles Webster Leadbeater, 2012-06-11 The Astral Plane Its Scenery Inhabitants and Phenomena according to Theosophical literature      **Theosophy Explained in Questions and Answers** Pestanji Temulji Pavri, 1921      **The Astral Body and Other Astral Phenomena** A. E. Powell, 2018-12-05 THE purpose of this book is to present to the student of Theosophy a condensed synthesis of the information at present 1926 available concerning the Astral Body of man together with a description and explanation of the astral world and its phenomena The book is thus a natural sequel of The Etheric Double and Allied Phenomena published in 1925 As in the case of The Etheric

Double the compiler has consolidated the information obtained from a large number of books a list of which is given arranging the material which covers a vast field and is exceedingly complex as methodically as lay within his power It is hoped that by this means present and future students of the subject will be saved much labour and research being able not only to find the information they require presented in a comparatively small compass but also with the help of the marginal references to refer should they so desire to the original sources of information In order that the book may fulfil its purpose by being kept within reasonable dimensions the general plan followed has been to expound the principles under lying astral phenomena omitting particular examples or instances Lecturers and others who wish specific illustrations of the principles enunciated will find the marginal references useful as a clue to the places where the examples they seek may be found A E Powell     *The Inner Life* Charles Webster Leadbeater,C. W. Leadbeater,1978-01-01 A clairvoyant Leadbeater wrote is simply a person who develops the power to respond to another octave out of the stupendous gamut of possible vibrations and so is enabled to see more of the world than those of more limited perception And what a world Leadbeater describes for us in these pages a world of Master adepts and their pupils untapped human powers and potentials ancient mysteries devas and nature spirits in short the unseen workings of the universe     **The American Theosophist** ,1910     **Man Visible and Invisible** Charles Webster Leadbeater,1920     **Man, Visible and Invisible** C.
