female rule and from an idealized matrilineality to anarchism by the female principle Works examined include Edmund Spenser's *The Faerie Queene* Luo Maodeng's *Sanbao's Expedition to the Western Ocean* Florence Dixie's *Gloriana* Charlotte Perkins Gilman's *Herland* Ursula K LeGuin's *The Dispossessed* Chen Duansheng's *The Destiny of the Next Life* Li Ruzhen's *The Flowers in the Mirror* and Bai Hua's *The Remote Country of Women* This critical view of the development of feminist utopias in both the East and West will be of interest to scholars of women's studies political science and anthropology as well as to those in literature for both the classical and modern periods

*The Mahabharata*, 2015-06-01 The Mahabharata is one of the greatest stories ever told Though the basic plot is widely known there is much more to the epic than the dispute between Kouravas and Pandavas that led to the battle in Kurukshetra It has innumerable sub plots that accommodate fascinating meanderings and digressions and it has rarely been translated in full given its formidable length of 80 000 shlokas or couplets This magnificent 10 volume unabridged translation of the epic is based on the Critical Edition compiled at the Bhandarkar Oriental Research Institute With the ninth volume the magnificent epic approaches its end The war is over and Yudhishtira is crowned Bhishma's teachings that began in the eighth volume continue past the Shanti Parva into the Anushasana Parva Every conceivable human emotion figures in the Mahabharata the reason why the epic continues to hold sway over our imagination In this lucid nuanced and confident translation Bibek Debroy makes the Mahabharata marvellously accessible to contemporary readers

Women's International Activism during the Inter-War Period, 1919-1939 Ingrid Sharp, Matthew Stibbe, 2018-10-18 In historical writing the interwar years are often associated with the rise of extreme forms of nationalism Yet paradoxically this period also saw significant advances in the development of internationalism and international mindedness This collection examines previously under researched aspects of the role played by women's movements and individual female activists in this process Women campaigners contributed to and helped to re define what constituted international work in myriad ways For some particularly those coming from a radical pacifist background the central theme after 1919 was the eradication of war and the preservation of world peace Yet others were more interested in the sharing of

medical knowledge across borders in the promotion of new causes such as physical fitness or the cultural assimilation of immigrants or in finding fresh and innovative ways of battling for old causes such as female suffrage and women's access to education. It was even possible for nationalist women to use the language and practices of internationalism to further their own conservative illiberal or anti-communist agendas or to argue for revision of the peace treaties of 1919-20. The volume addresses these different kinds of activism and the many links between them by way of particular examples. This book was originally published as a special issue of *Women's History Review*.
