## **The Dharma Or Doctrine:**

**The Dharma Or Doctrine** Henry S. Olcott, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. *What is Dharma?* Sangharakshita, 2012-01-31 To walk in the footsteps of the Buddha, we need a clear and thorough guide to the essential principles of Buddhism. Whether we have just begun our journey or are a practitioner with more experience, *What is the Dharma* is an indispensable exploration of the Buddha's teachings as found in the main Buddhist traditions. **The Dharma's Gatekeepers** Jonathan C. Gold, 2008-06-05 *The Dharma's Gatekeepers* offers an incisive analysis of one of the most important works in Tibetan Buddhist intellectual history: Sakya Paṇḍita's *Gateway to Learning*. Mkhas pa jug pa i sgo. Writing in a time when a distinctively Tibetan tradition of Buddhism was first emerging, Sakya Paṇḍita wanted to present Tibetan intellectuals with what he took to be an authentically Indian and therefore authentically Buddhist understanding of the nature and tasks of intellectual life, with a view of how scholarship was understood and practiced in the great monastic colleges of India. In *The Dharma's Gatekeepers*, we see Sakya Paṇḍita building the intellectual foundation for Tibetan scholasticism through a series of subtle, brilliant, and quintessentially Buddhist arguments about the nature of learning itself, with his elaboration of a model of scholastic education skillfully drawing together ideas in Buddhist epistemology, philosophy of language, translation theory, hermeneutics, and literary theory. In this study of Sakya Paṇḍita's remarkable work, Jonathan C. Gold shows that the *Gateway to Learning* addresses issues that remain of concern to contemporary intellectuals: this thirteenth-century work has much to contribute to our understanding of such issues as translation and translatability, theories of reading and authorship, the connections between religious values and academic institutions, and theories of language and literary aesthetics. The book includes a translation of significant parts of Sakya Paṇḍita's text. [Logical Criticism of Buddhist Doctrines](#) Avi Sion, 2017-12-17 *Logical Criticism of Buddhist Doctrines* is a thematic compilation by Avi Sion. It collects in one volume the essays that he has written on this subject over a period of some 15 years, after the publication of his first book on Buddhism, *Buddhist Illogic*. It comprises expositions and empirical and logical critiques of many, though not all, Buddhist doctrines such as impermanence, interdependence, emptiness, the denial of self or soul. It includes his most recent essay regarding the five skandhas doctrine. **The Dharma Or the Religion of Enlightenment** Paul Carus, 1898 *In Defense of Aristotle's Laws of Thought* Avi Sion, 2008-04-15 *In Defense of Aristotle's Laws of Thought* addresses, from a phenomenological standpoint, numerous modern and Buddhist objections and misconceptions regarding the basic principles of Aristotelian logic. **The Zen Teachings of Huang Po: On The Transmission Of Mind** Huang Po His Yun, 2016-03-28 This historical text from the direct teaching of the Zen master Huang Po allows the Western reader to gain an understanding

of Zen from the original source one of the key works in its teachings it also offers deepening and often startling insights into the rich treasures of Eastern thought Huang Po also known as Hsi Yun is believed to have died as late as 850 A D He is regarded in a sense as the founder of the great Lin Chi sect He lived below the Vulture Peak on Mount Huang Po in the district of Kao An Like most Zen masters Huang Po taught in parables which were delivered as sermons anecdotes and dialogues These have been collected here to present the teachings of the Master himself He compares the mind to the sun travelling through the sky sending forth light uncontaminated by the finest particle of dust For those who have discovered the nature of Reality he says there is nothing old or new concepts become meaningless and reason leads to error Nowhere is the use of paradox in Zen illustrated better than in the teachings of Huang Po who shows how the experience of intuitive knowledge which reveals to a man what he really is cannot be communicated by words With the help of these paradoxes beautifully and simply presented in this collection Huang Po could set his disciples on the right path It is in this fashion that the Zen master leads his listener into the truth often by a single phrase designed to destroy his particular demon of ignorance Many of the dialogues recorded in The Zen Teaching of Huang Po took place in public assembly generally with hundreds of the Master s followers in attendance This text is remarkable for its purity of thought and speech John Blofeld s translation reflects his deep understanding of Zen and gives it a crystal clear presentation In addition there are an introduction and explanatory notes that make this original and revered text even more valuable to the contemporary reader
