**The Material Culture of Sex, Procreation, and Marriage in Premodern Europe** A. McClanan, K. Encarnación, 2016-09-23 This interdisciplinary anthology takes as its starting point the belief that as the material grounds of lived experience material culture provides an avenue of historical access to women s lives extending beyond the reaches of textual evidence Studies here range from utilitarian tools used in Late Roman abortion to sacred magical or ritual objects associated with sex procreation and marriage in the Renaissance Together the essays demonstrate the complex relationship between language and object and explore the ways in which objects become forms of communication in their own right transmitting both rather specific messages and more generalized social and cultural values

**Niccolò Ridolfi and the Cardinal's Court** Lucinda Byatt, 2022-08-29 Niccol Ridolfi 1501-50 was a Florentine cardinal nephew and cousin to the Medici popes Leo X and Clement VII and he owed his status and wealth to their patronage He remained actively engaged in Florentine politics above all during the years of crisis that saw the Florentine state change from republic to duchy A widely respected patron and scholar throughout his life his sudden death during the conclave of 1549-50 led to allegations of poison that an autopsy appears to confirm This book examines Cardinal Ridolfi and his court in order to understand the extent to which cardinalate courts played a key part in Rome s resurgence and acted as hubs of knowledge located on the fault lines of politics and reform in church and state hospitable spaces that can be analysed in the context of entanglements in Florentine and Roman cultural and political patronage and intersections between the princely court and a more professional and complex knowledge and practice of household management in the consumer and service economy of early modern Rome Based on an array of archival sources and on three treatises whose authors were closely linked to Ridolfi s court this monograph explores these multidisciplinary intersections to allow the more traditional fields of church and political history to be approached from different angles Niccol Ridolfi and the Cardinal s Court will appeal to all those interested in the

organisation of these elite establishments and their place in sixteenth century Roman society the life and patronage of Niccolò Ridolfi in the context of the Florentine exiles who desired a return to republicanism and the history of the Roman Catholic Church

**Penelope Fitzgerald and the Consolation of Fiction** Christopher Knight, 2016-09-13

Christopher J Knight's Penelope Fitzgerald and the Consolation of Fiction is a study of the British author Penelope Fitzgerald 1916-2000 attending to her nine novels especially as viewed through the lens both of late style she published her first novel The Golden Child at age sixty and in her words of consolation that is for doubts and fears as well as for naked human loss As in Shakespeare's late religiously inflected romances the two concerns coincide and Fitzgerald's ostensible comedies are marked by a clear experience of the tragic and the palpable sense of a world that verges on the edge of indifference to human loss Yet Fitzgerald her late age pessimism notwithstanding seeks with the aid of her own religious understandings in each of her novels to wrestle meaning consolation

and even comedy from circumstances not noticeably propitious Or as she herself memorably spoke of her own deepest convictions I can only say that however close I've come by this time to nothingness I have remained true to my deepest convictions I mean to the courage of those who are born to be defeated the weaknesses of the strong and the tragedy of misunderstandings and missed opportunities which I have done my best to treat as a comedy for otherwise how can we manage to bear it The recipient of Britain's Booker Prize and America's National Book Critics Circle Award Penelope Fitzgerald's reputation as a novelist and author more generally has grown since her death significantly to the point that she is now widely judged one of Britain's finest writers comparable in worth to the likes of Jane Austen George Eliot and Virginia Woolf
