**Vanessa Bell** Frances Spalding, 2021-04-01 The definitive and authorised biography of the artist Vanessa Bell Even through the lens of the twenty first century the story of Vanessa

Bell's life is unorthodox. A powerful magnetic figure, Bell lived at the heart of the Bloomsbury Group and was often the core figure around which the disparate individuals of the movement revolved. Her art and designs so often overshadowed by her sister Virginia Woolf's writings and fame and by the interest in her own unconventional life, made a significant contribution to the history of the Bloomsbury Group. Yet until this authorised biography was written, she has remained a largely silent and enigmatic figure. In this captivating account, acclaimed art historian and biographer Frances Spalding restores Bell to the heart of the Bloomsbury Group, illuminating an exceptional life and the free-spirited circle among which she lived.

**A Companion to Virginia Woolf** Jessica Berman, 2019-04-15. *A Companion to Virginia Woolf* is a thorough examination of her life, work, and multiple contexts in 33 essays written by leading scholars in the field. It contains insightful and provocative new scholarship and sketches out new directions for future research. Explores the multiple trajectories Woolf's work travels around the world, from the Bloomsbury Group and the Hogarth Press to India and Latin America. Situates Woolf studies at the vanguard of contemporary literature scholarship and the new modernist studies.

**Voice of Her Own** Marlene A. Schiwy, 1996-05-27. As writers such as Virginia Woolf, Audre Lorde, and Anais Nin recognized, keeping a journal is a powerful tool of creative expression and self-healing. In *A Voice of Her Own*, a companion for both new and longtime diarists, Marlene Schiwy shows that journal writing is the ideal way to find one's individual voice, an opportunity for women to explore feelings, intuitions, perceptions, and ideas often suppressed in our society, and to record the truths of their own experience. Schiwy invites readers to share the journeys other women have made toward selfhood and encourages them to begin a journey of their own. She weaves together passages from published and unpublished journals, from works of literature, psychology, and women's studies with her personal insights. *A Voice of Her Own* is a treasure chest of inspiration for every woman seeking deeper self-awareness and new outlets for creativity.

**At the Violet Hour** Sarah Cole, 2012-11-01. Literature has long sought to make sense of the destruction and aggression wrought by human civilization. Yet no single literary movement was more powerfully shaped by violence than modernism. As Sarah Cole shows, modernism emerged as an imaginative response to the devastating events that defined the period, including the chaos of anarchist bombings, World War I, the Irish uprising, and the Spanish Civil War. Combining historical detail with resourceful readings of fiction, poetry, journalism, photographs, and other cultural materials, *At the Violet Hour* explores the strange intimacy between modernist aesthetics and violence in the late nineteenth and early twentieth centuries. The First World War and T.S. Eliot's *The Waste Land* demonstrate the new theoretical paradigm that Cole deploys throughout her study: what she calls enchanted and disenchanted violence, the polarizing perceptions of violent death as either the fuel for regeneration or the emblem of grotesque loss. These concepts thread through the literary historical moments that form the core of her study, beginning with anarchism and the advent of dynamite violence in late Victorian England, as evinced in novels by Joseph

Conrad Henry James and others anarchism fostered a vibrant modern consciousness of violence entrenched in sensationalism and melodrama A subsequent chapter offers four interpretive categories keening generative violence reprisal and allegory for reading violence in works by W B Yeats J M Synge Sean O Casey and others around the time of Ireland s Easter Rising The book concludes with a discussion of Virginia Woolf s oeuvre placing the author in two primary relations to the encroaching culture of violence deeply exploring and formalizing its registers and veering away from her peers to construct an original set of patterns to accommodate its visceral ubiquity in the years leading up to the Second World War A rich interdisciplinary study that incorporates perspectives from history anthropology the visual arts and literature At the Violet Hour provides a resonant framework for refiguring the relationship between aesthetics and violence that will extend far beyond the period traditionally associated with literary modernism *Relations* AnnKatrin Jonsson,2006 In *Relations* AnnKatrin Jonsson develops a new understanding of ethics and subjectivity within high modernism The author analyzes Joyce s *Ulysses* Woolf s *The Waves* and Barnes s *Nightwood* as narratives that depict a subject turning towards the other and the world a movement that seriously questions the sovereignty of the subject as cogito instead opening up for otherness excess and indeterminacy The author points to convergences between a phenomenological manner of thinking found in modernist literature and the notion of an ethics and an ethical subjectivity a subject who exists in an inescapable relation with the world As the novels acknowledge otherness there is a rebound effect on the narrative its structure and style otherness transforms the narrative itself In this way *Ulysses* *The Waves* and *Nightwood* indicate a desire to escape from a notion of the subject that contains and controls the world and the other By indicating ways in which new conceptions of ethics are made possible within modernism the author also shows that there are within modernism both literary and philosophical texts whose understanding and representation of subjectivity already express and establish crucial aspects of the discourse on ethics and ethical subjectivity that characterize recent continental philosophy and cultural theory **Virginia Woolf and the World of Books** Nicola Wilson,Claire Battershill,2018-09-27 A celebration of the centenary of the founding of Leonard and Virginia Woolf s Hogarth Press *Unquiet World* Stephanie De Montalk,2001 Poet polemicist pagan and pretender to the throne of Poland Count Geoffrey Potocki de Montalk was one of the glittering generation of New Zealand poets of the 1930s His career took a strange turn after he was imprisoned for obscene libel Following a celebrated trial in London he became increasingly eccentric dressing in mock medieval garb claiming the throne of Poland and issuing a stream of poetry and pamphlets before returning to New Zealand in the 1980s and 1990s This is the first time his full story has been told and it will be relevant to those interested in the literature of obscenity the history of censorship and private press publishing in the 20th century

**Modernism, Fashion and Interwar Women Writers** Vike Martina Plock,2017-06-12 An unprecedented sartorial revolution occurred at the beginning of the twentieth century when the tight laced silhouettes of Victorian women gave way to the figure of the flapper *Modernism Fashion and Interwar Women Writers* demonstrates how five female novelists of the

interwar period engaged with an emerging fashion discourse that concealed capitalist modernity's economic reliance on mass manufactured uniform looking productions by ostensibly celebrating originality and difference. For Edith Wharton, Jean Rhys, Rosamond Lehmann, Elizabeth Bowen, and Virginia Woolf, fashion was never just the provider of guidelines on what to wear. Rather, it was an important concern offering them opportunities to express their opinions about identity politics, about contemporary gender dynamics, and about changing conceptions of authorship and literary productivity. By examining their published work and unpublished correspondence, this book investigates how the chosen authors used fashion terminology to discuss the possibilities available to women to express difference and individuality in a world that actually favoured standardised products and collective formations.

**Virginia Woolf and Poetry** Emily Kopley, 2021-06-10

Virginia Woolf's career was shaped by her impression of the conflict between poetry and the novel, a conflict she often figured as one between masculine and feminine, old and new, bound and free. In large part for feminist reasons, Woolf promoted the triumph of the novel over poetry, even as she adapted some of poetry's techniques for the novel in order to portray the inner life. Woolf considered poetry the rival form to the novel. A monograph on Woolf's sense of genre rivalry thus offers a thorough reinterpretation of the motivations and aims of her canonical work. Drawing on unpublished archival material and little known publications, the book combines biography, book history, formal analysis, genetic criticism, source study, and feminist literary history. Woolf's attitude towards poetry is framed within contexts of wide scholarly interest: the decline of the lyric poem, the rise of the novel, the gendered associations with these two genres, elegy in prose and verse, and the history of English Studies. **Virginia Woolf and Poetry** makes three important contributions. It clarifies a major prompt for Woolf's poetic prose. It exposes the genre rivalry that was creatively generative to many modernist writers. And it details how holding an ideology of a genre can shape literary debates and aesthetics.

**The Victorian Novel of Adulthood** Rebecca Rainof, 2015-09-09

In *The Victorian Novel of Adulthood*, Rebecca Rainof confronts the conventional deference accorded the bildungsroman as the ultimate plot model and quintessential expression of Victorian nation building. The novel of maturity she contends is no less important to our understanding of narrative Victorian culture and the possibilities of fiction. Reading works by Charles Dickens, George Eliot, Henry James, John Henry Newman, and Virginia Woolf, Rainof exposes the little discussed theological underpinnings of plot and situates the novel of maturity in intellectual and religious history, notably the Oxford Movement. Purgatory, a subject hotly debated in the period, becomes a guiding metaphor for midlife adventure in secular fiction. Rainof discusses theological models of gradual maturation, thus directing readers' attention away from evolutionary theory and geology, and offers a new historical framework for understanding Victorian interest in slow and deliberate change.
