Kroeber, 1998-01-01 This challenging study analyzes nearly forty superb stories from mythic narratives predating Columbus to contemporary American Indian fiction representing every traditional Native American culture area Developing recent ethnopoetic scholarship and drawing on the critical ideas of Mikhail Bakhtin and Pierre Bourdieu Karl Kroeber reveals how preconceptions deriving from our hypervisual print dominated culture distort our understanding of essential functions and forms of oral storytelling Kroeber demonstrates that myths do not merely preserve tradition but may transform it by performatively reenacting the concealed sociological and psychological conflicts that give rise to social institutions Showing how the variability of mythic narrative fosters communal self renewal Kroeber offers startling insight into Native Americans perception of animals as cultured their creation of visually unrepresentable tricksters by aural imagining and the rhetorical means through which oral narratives may not only reflect but even redirect political change By making understandable the forgotten artistry of oral storytelling Kroeber enables modern readers to appreciate fully the tragic emotions hilarious ribaldry and haunting beauty in these astonishing Native American mythic narratives Karl Kroeber is Mellon Professor of Humanities at Columbia University His most recent books are Ecological Literary Criticism Romantic Imagining and the Biology of the Mind and Retelling Rereading The Fate of Storytelling in Modern Times      State-sanctioned Violence Melvin Delgado, 2020 A book on a controversial topic such as U S state sanctioned violence questions many of our basic assumptions we hold true The importance of violence is well attested to by Oxford University Press devoting a Book Series on Interpersonal Violence However state sanctioned violence in the U S is not for example The saying The truth will set you free but first it will make you miserable comes to mind in writing this book because it holds personal meaning for me that goes beyond being a social worker and a person of color Latinx The basic premise and interconnectedness of the themes in this book were reinforced and expanded in the course of writing Bonilla Silva 2019 p 14 states We are living once again in

*Projecting Citizenship* Gabrielle Moser,2019-01-11 In *Projecting Citizenship* Gabrielle Moser gives a comprehensive account of an unusual project produced by the British government s Colonial Office Visual Instruction Committee at the beginning of the twentieth century a series of lantern slide lectures that combined geography education and photography to teach schoolchildren around the world what it meant to look and to feel like an imperial citizen Through detailed archival research and close readings Moser elucidates the impact of this vast collection of photographs documenting the land and peoples of the British Empire circulated between 1902 and 1945 in classrooms from Canada to Hong Kong from the West Indies to Australia Moser argues that these photographs played a central role in the invention and representation of imperial citizenship She shows how citizenship became a photographable and teachable subject by tracing the intended readings of the images that the committee hoped to impart to viewers and analyzing how spectators may have used their encounters with these photographs for protest and resistance Interweaving political and economic history history of pedagogy and theories of citizenship with a consideration of the aesthetic and affective dimensions of viewing the lectures *Projecting Citizenship* offers important insights into the social inequalities and visual language of colonial rule

*White Utopias* Amanda J. Lucia,2020-10-13 Transformational festivals from Burning Man to Lightning in a Bottle Bhakti Fest and Wanderlust are massive events that attract thousands of participants to sites around the world In this groundbreaking book Amanda J Lucia

shows how these festivals operate as religious institutions for spiritual but not religious SBNR communities Whereas previous research into SBNR practices and New Age religion has not addressed the predominantly white makeup of these communities White Utopias examines the complicated often contradictory relationships with race at these events presenting an engrossing ethnography of SBNR practices Lucia contends that participants create temporary utopias through their shared commitments to spiritual growth and human connection But they also participate in religious exoticism by adopting Indigenous and Indic spiritualities a practice that ultimately renders them exclusive white utopias Focusing on yoga s role in disseminating SBNR values Lucia offers new ways of comprehending transformational festivals as significant cultural phenomena
