Catherine Lievens, Ansley has been looking for his dragon since Byron was taken from him a hundred years ago The sacrifice of his shield and the man he was in love with was necessary but Ansley can't find peace and neither can the other five mages he considers his brothers who also shared that sacrifice They've been without their other half for so long that some of them have lost hope But not Ansley Parker has no memory beyond the past hundred years He's been moving every ten years or so because he's not aging which probably has to do with his ability to shift into a dragon but this time around it's harder to leave everything behind He doesn't have a choice though When Ansley finally finds the right spell it leads him straight to Byron But Byron isn't Byron anymore A hundred years and no memories turned him into a new man A man Ansley likes even more than he did Byron Ansley's job is to find the other five dragons but with the threat that caused the mages to lose the dragons rising again he might not be able to do it in time And if he can't it could mean death for all of them *Copyrighted advance sheets of works of fiction* Copyrighted advance sheets,1892
