**A Slay at the Races** Kate Morgan,1990 Small town librarian and amateur sleuth Dewey James investigates the murder of a local horsebreeder's boyfriend in a case involving race fixing *Librarians in Fiction* Grant Burns,1998-03-01 The depictions of librarians in over 374 novels short stories and plays in English are the focus of this fully annotated reference work Librarians no less than other professionals want to know how they are depicted in fiction The stereotypical or fictional librarian the one with the bun comfortable shoes and dour demeanor may be fading but fiction teaches a lesson about public perception Actually story librarians are often described as adaptable knowledgeable shrewd tactful tender and intelligent traits that the authors and by extension the readers look for in their librarians All entries include complete bibliographic data followed by a lengthy annotation that discusses how the librarian fits into the story and gives insight to how he or she is depicted Title and author indexes are provided for further utility *Promise the Infinite* Robert Richart,2016-05-07 This is an annotated bibliography of English language novels which feature libraries or librarians from the 18th to the 21st century It includes descriptions and quotes from the text It includes novels mysteries science fiction fantasy and romance

*Mystery Women, Volume Three (Revised)* Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 **Saguaro Riptide** Norman Partridge,1997 Welcome to Saguaro Riptide Motel It's a seedy little surf joint where the not so elite are about to meet Ex boxer Jack Battle Ax Baddalach has to find two million in cash Everyone wants the cash Everyone's got a gun And it's about to get really ugly **English Patents of Inventions, Specifications** ,1863 TEXTILE AMERICAN ,1926 *Myths & Legends of the Celtic Race* T. periods requires that we acknowledge the people against whom social hierarchies and differential treatment were directed. This collection takes Europe as its focus but White Europeans are not centred in it and the experiences of Black Africans, Asians, Jews and Muslims are not relegated to the margins of a shared history. Situating Europe within a global context forces the reconsideration of the violence that attends the interaction of peoples both across cultures and enmeshed within them. The less we are attentive to the cultural interactions, cross-cultural migrations and global dimensions of the late medieval and early modern periods, the less we are forced to recognize the violence, intolerance, power struggles and enforced suppressions that attend them.
