Alongside Finn a shape shifting trickster she races to prevent an ominous force from breaching the barrier between worlds. As Zara delves deeper into both worlds she must confront questions of identity, legacy and the transformative power of storytelling. Focusing on the figure of the storyteller this study breaks new ground in the approach to reading contemporary literature by identifying a growing interest in storytelling For the last thirty years contemporary fiction has been influenced by theoretical discourses textuality and writing Only since the rise of postcolonialism have academic critics been more overtly interested in stories where high theory frameworks are less applicable However as we move through various contemporary contexts engaging with postcolonial identities and hybridity to narratives of disability and evolutionary accounts of group and individual survival a common feature of all is the centrality of story which posits both the idea of survival and the passing on of traditions The Return of the Storyteller in Contemporary Fiction closely examines this preoccupation with story and storytelling through a close reading of six contemporary international novelists that are either about actual storytellers or engage with the figure of the storyteller revealing how death of the author has given birth to the storyteller *The Storyteller's Sourcebook* Margaret Read MacDonald,Brian W. Sturm,2001 The first edition provides descriptions of folktales and references to more than 700 published sources of folktales The new edition covers folktales from 1983 1999 Both editions include thorough indexing by subject motif title ethnic group and country of origin and a comprehensive bibliography **The Art of the Story-teller** Marie L.
