# The Garments Of Torah Essays In Biblical Hermeneutics

**Bruce N. Fisk**

## **The Garments Of Torah Essays In Biblical Hermeneutics:**

*The Garments of Torah* Michael Fishbane, 1992-09-22 In this almost painfully beautiful book Fishbane explores the question of the kind of canon privileged status or Logos the Torah actually has for the post modern Western Jew Today A book well worth reading The Jerusalem Post This wonderful volume documents the intellectual and spiritual odyssey of one of North America s foremost Jewish biblical scholars Shofar

**The garments of Torah : essays in biblical hermeneutics** Michael A. Fishbane, 1989

**Do You Not Remember?** Bruce N. Fisk, 2001-06-01 The Liber Antiquitatum Biblicarum a rewritten Bible that follows the broad contours of Genesis to Samuel includes numerous secondary or out of sequence episodes and frequently juxtaposes unrelated biblical characters The subtlety and significance of these inner biblical linkages has up to now not been fully appreciated Building on recent studies in intertextuality Fisk shows how Pseudo Philo is often guided by intertextual links and themes present within the canonical precursor that he is heavily indebted to post biblical midrashic traditions and that secondary scripture is a strategic means by which Israel s traditions are reconfigured in this enigmatic text

*The Interpretation of the Bible* Joze Krasovec, 1999-10-01 This unique volume nearly 2000 pages in length and handsomely printed on Bible paper is perhaps the most comprehensive scholarly work of our time on the translation and interpretation of the Bible At its core are papers presented to an international symposium in Ljubljana in September 1996 to mark the publication of the new Slovenian version of the Bible a landmark in Slovene identity and cultural life In addition its distinguished editor Joze Krasovec has commissioned a wide range of contributions devoted to translations of the Bible in many languages including the Slavonic languages Croatian Czech Hungarian Polish and the Scandinavian languages The 82 chapters in this work mostly in English are divided into three parts Part I on ancient translations and hermeneutics of the Bible contains contributions by M E Boismard S P Brock K J Cathcart R P Gordon L J Grech M Hengel O Keel J Lust E Tov and others with a notable comprehensive bibliographic survey of oriental Bible translations from the first millennium by M van Esbroeck Part II on Slavonic and other translations of the Bible includes the first detailed study of the history of the Slavonic Bible by Francis J Thomson over 300 pp Part III with essays by such scholars as J H Charlesworth D J A Clines J Gnillka M G rg N Lohfink and A C Thiselton concerns the interpretation of the Bible in translation philosophy theology art and music In an appendix a complete list of printed Bibles in languages throughout the world is presented for the first time

*Revelation and Authority* Benjamin D. Sommer, 2015-06-30 At once a study of biblical theology and modern Jewish thought this volume describes a participatory theory of revelation as it addresses the ways biblical authors and contemporary theologians alike understand the process of revelation and hence the authority of the law Benjamin Sommer maintains that the Pentateuch s authors intend not only to convey God s will but to express Israel s interpretation of and response to that divine will Thus Sommer s close readings of biblical texts bolster liberal theologies of modern Judaism especially those of Abraham Joshua Heschel and Franz Rosenzweig This bold view of revelation puts a

premium on human agency and attests to the grandeur of a God who accomplishes a providential task through the free will of the human subjects under divine authority Yet even though the Pentateuch's authors hold diverse views of revelation all of them regard the binding authority of the law as sacrosanct Sommer's book demonstrates why a law observant religious Jew can be open to discoveries about the Bible that seem nontraditional or even antireligious **Seconding Sinai** Hindy

Najman, 2003 This work criticizes the terms Pseudepigraphy and Rewritten Bible which presuppose conceptions of textual fidelity foreign to ancient Judaism It develops the concept of a discourse whose creativity and authority depend on repeated returns to the exemplary figure of a founder **Dictionary of the Old Testament: Historical books** BILL T

ARNOLD, HUGH G M WILLIAMSON, 2020-05-21 The Dictionary of the Old Testament Historical Books is the second volume in IVP's Old Testament dictionary series This volume picks up where the Dictionary of the Old Testament Pentateuch left off with Joshua and Israel poised to enter the land and carries us through the postexilic period Following in the tradition of the four award winning IVP dictionaries focused on the New Testament this encyclopedic work is characterized by in depth articles focused on key topics many of them written by noted experts The history of Israel forms the skeletal structure of the Old Testament Understanding this history and the biblical books that trace it is essential to comprehending the Bible The Dictionary of the Old Testament Historical Books is the only reference book focused exclusively on these biblical books and the history of Israel **Scriptural Vitality** Hindy Najman, 2024-12-18 This is an open access title available under the terms

of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations Scriptural Vitality challenges the view that the Persian and Hellenistic periods constitute a time of decay a period of late Judaism languishing between an original vibrant Judaism and the birth of Christianity Instead Hindy Najman argues that the Second Temple period was one of untethered creativity and poetic imagination of dynamism exemplified through philosophical translation poetic composition and a convergence of ancient Mediterranean cultures that gave birth to hermeneutic innovation Building on Nietzsche's critique of classical philology and drawing on new ways of reading the Dead Sea Scrolls the author carries out a radical rethinking of biblical studies Instead of seeking to reconstruct the original text and to find its original author or at least the original context of its production Najman celebrates textual pluriformity and transformation tracing ways in which texts and meanings proliferated within interpretive communities through new performances and fresh articulations of the past Engaging with thinkers such as Friedrich Schlegel and Peter Szondi whom biblicists have rarely considered biblical philology is reimagined as the forward moving study of the poetic processes by which Jewish communities re-created their past and revitalized their present The Second Temple period emerges as a golden age of creativity whose traces may still be discerned in Judaism and Christianity today Biblical Exegesis in the Apostolic Period Richard N. Longenecker, 1999-03-30 The discovery of the Dead Sea Scrolls the Nag Hammadi texts and new Targums has greatly increased scholarly interest in the relationship between the New

Testament and first century Judaism This critically acclaimed study by Richard Longenecker sheds light on this relationship by exploring the methods the earliest Christians used to interpret the Old Testament By comparing the first Christian writings with Jewish documents from the same period Longenecker helps to discern both the key differences between Christianity and Judaism and the Judaic roots of the Christian faith This revised edition of Biblical Exegesis in the Apostolic Period brings Longenecker's valued work up to date with current research in this important field of study Three's a Crowd Jacqueline Grey, 2011-06-13 Three's a Crowd brings together the three dialogue partners of Pentecostalism hermeneutics and the Old Testament Previous attempts by Pentecostal academics to define a distinctive Pentecostal hermeneutic have focused on issues and application to the New Testament consequently estranging the Old Testament from the conversation This book engages the hermeneutical practices of Pentecostal and Charismatic groups in reading the Old Testament in ways that are representative while critical of their movement's ideological bases and visions While the issue of understanding and developing a viable Pentecostal hermeneutic has continued to be debated within the academic journals of the community for over a decade most discussion has focused on the prescription of ideals rather than on the actual practice of the contemporary community By examining the reading practices of the Pentecostal and Charismatic community this book suggests a unique and rounded reading method that maintains the strengths of Pentecostal reading practices while addressing their inherent weaknesses In this way the voices of the three dialogue partners emerge in a mutual fellowship that engages both the needs of the Pentecostal community and informs the wider ecumenical dialogue
