Book Description

In the fall of 1999, New York Times education reporter Jacques Steinberg was given an unprecedented opportunity to observe the admissions process at prestigious Wesleyan University. Over the course of nearly a year, Steinberg accompanied admissions officer Ralph Figueroa on a tour to assess and recruit the most promising students in the country. *The Gatekeepers* follows a diverse group of prospective students as they compete for places in the nation's most elite colleges. The first book to reveal the college admission process in such behind-the-scenes detail, *The Gatekeepers* will be required reading for every parent of a high school-age child and for every student facing the arduous and anxious task of applying to college. "[*The Gatekeepers*] provides the deep insight that is missing from the myriad how-to books on admissions that try to identify the formula for getting into the best colleges...I really didn't want the book to end." —The New York Times

The Gatekeepers Inside The Admissions Process Of A Premier College

The Gatekeepers Inside The Admissions Process Of A Premier College:

The Gatekeepers Jacques Steinberg, 2003-07-29 In the fall of 1999 New York Times education reporter Jacques Steinberg was given an unprecedented opportunity to observe the admissions process at prestigious Wesleyan University Over the course of nearly a year Steinberg accompanied admissions officer Ralph Figueroa on a tour to assess and recruit the most promising students in the country The Gatekeepers follows a diverse group of prospective students as they compete for places in the nation's most elite colleges The first book to reveal the college admission process in such behind the scenes detail The Gatekeepers will be required reading for every parent of a high school age child and for every student facing the arduous and anxious task of applying to college The Gatekeepers provides the deep insight that is missing from the myriad how to books on admissions that try to identify the formula for getting into the best colleges I really didn't want the book to end The New York Times *Vsesojuznaja naucno tehničeskaja Konferencija po elektrochimiceskoj tehnologiji* ; 8 ,1977

Gatekeepers Inside the Admissions Process of a Premier College Jacques Steinberg, 2002-01 **The Gatekeepers** Jacques Steinberg, 2003-07-29 In the fall of 1999 New York Times education reporter Jacques Steinberg was given an unprecedented opportunity to observe the admissions process at prestigious Wesleyan University Over the course of nearly a year Steinberg accompanied admissions officer Ralph Figueroa on a tour to assess and recruit the most promising students in the country The Gatekeepers follows a diverse group of prospective students as they compete for places in the nation's most elite colleges The first book to reveal the college admission process in such behind the scenes detail The Gatekeepers will be required reading for every parent of a high school age child and for every student facing the arduous and anxious task of applying to college The Gatekeepers provides the deep insight that is missing from the myriad how to books on admissions that try to identify the formula for getting into the best colleges I really didn't want the book to end The New York Times

Outstanding Books for the College Bound Angela Carstensen (Ed), Young Adult Library Services Association, 2011-05-27 Connecting teens to books they'll truly enjoy is the aim of every young adult librarian and the completely revamped guide Outstanding Books for the College Bound will give teen services staff the leg up they need to make it happen Listing nearly 200 books deemed outstanding for the college bound by the Young Adult Library Services Association YALSA this indispensable resource Examines how the previous lists in the series were developed and explains the book's new layout Features engaging helpful book descriptions useful for readers advisory Offers programming tips and other ideas for ways the lists can be used at schools and public libraries Includes indexes searchable by topic year title and author More than simply a vital collection development tool this book can help librarians help young adults grow into the kind of independent readers and thinkers who will flourish at college **Creating a Class** Mitchell L. Stevens, 2009-09-15 For a year and a half Stevens worked in the admissions office of a New England college known for high academic standards a beautiful campus and social conscience Ambitious high schoolers and savvy guidance counselors know that admission here is highly

competitive But creating classes Stevens finds is more complicated than most imagine *A Starter Guide to College for Clueless Students & Parents* Jake D. Seeger, 2019-01-05 For 8th graders freshmen and sophomores here's what to do now For juniors and seniors here are details about the tests the applications admissions factors financial aid essays interviews and college selection Checklists are provided for each year of high school A comprehensive checklist for the application for each college is provided It is a reference book for these many details for when you need them Use some chapters now and come back to other chapters later even in a year or more For 8th and 9th Graders get a great start on high school by seeing what to do your freshman and sophomore years so you're not behind in junior and senior years Which colleges are realistic Which are affordable Do not count any of them out yet Can you get a great degree without a huge debt Sure if you make the right choices These topics are covered How to get college ready and admissions ready Benefits of community colleges and public colleges Selective admissions factors and expectations Activities internships and sports Practice for standardized tests and subject tests Application checklists and procedures Financial aid and cost comparisons Meeting admissions officials and Essays and interviews After knowing more students and parents can better discuss and think about all these factors to decide if college is indeed the best option and what type of college is best The book explains the basics and moves into detailed information that you may not need right away but probably will use later It has handy reference pages containing checklists testing rules calendars admissions statistics college degree levels and websites to use so you don't have to look everything up yourself You don't have to remember everything now You can go back to the book again and again when you need the information For the maze of selective college applications admissions and choices the Starter Guide explains the basics and then provides a detailed analysis of the situation presents a detailed plan of action and points you to some of the best sources for even more information to complete a serious run for the Ivies and the other top 50 to top 150 colleges But the great options of public colleges aren't neglected as the benefits of community colleges public honors colleges tuition discounts in nearby states affordable regional colleges and flagship universities are explained Finances and financial aid are covered with estimates of what to expect from both public and private colleges with examples for various household income levels Students and parents will find advice on how to meet admissions staff Learn how to build an impressive record based on what the colleges are looking for Students will find practical advice on how to make the best impression with their attire conversational interactions paperwork and correspondence Learn which questions to ask and how to best convey your story while knowing what things to avoid doing and there are a few High school guidance counselors will like the reference information on testing test by test 8th grade to 12th grade in reference summary pages and admissions statistics The book covers test schedules reporting fees fee waivers test cancellation procedures information websites admissions events admissions statistics for 120 colleges in one spot the publisher looked them up and calculated them so you don't have to See about fine print admissions details like the lowest test scores for admissions at a college The Starter Guide to College for

Clueless Students Parents is a good value It doesn't have to be read all at once but can guide a student and the parents as time passes even loaned to others

Potential on the Periphery Omari Scott Simmons, 2019 This book profiles the Simmons Memorial Foundation SMF a grassroots non profit organization co founded by Omari Scott Simmons that promotes college access for vulnerable students Simmons discusses how the organization has helped students secure admission and succeed in college using this example to contextualize the broader realm of existing education practice academic theory and public policy

Mainstream and Margins Revisited Peter Isaac Rose, 2017-07-12 When his book *Mainstream and Margins* was published in 1983 Peter Rose's writings on American minorities and those who studied them painted a vivid picture of what life was like in America for Jews blacks and other minorities in the United States Now a third of a century later he revisits the topic with sixteen new chapters in addition to seven from the original edition Newer content covers immigration and American refugee policy reexamines the term model minority first used to describe Jews but now applied to Asian Americans and the resurgence of nativism both in regard to new migrants from Latin America and to the growth of Islamophobia since the 9/11 attacks Rose also reassesses what is still one of the most controversial documents about race and class ever written Daniel Patrick Moynihan's *The Negro Family A Case for National Action* Rose writes about other authors who have addressed many of the principal concerns of this book ranging from novelists Tom Wolfe and Harper Lee to sociologists David Riesman Robin M Williams Jr and William Julius Wilson Historical tensions between Jews and African Americans and debates about liberal vs corporate pluralism seen from the perspective of both whites and non whites are also discussed in this seminal volume by a master on the subject

No Longer Separate, Not Yet Equal Thomas J. Espenshade, Alexandria Walton Radford, 2009-10-12 The truth about America's elite colleges and universities who gets in who succeeds and why Against the backdrop of today's increasingly multicultural society are America's elite colleges admitting and successfully educating a diverse student body *No Longer Separate Not Yet Equal* pulls back the curtain on the selective college experience and takes a rigorous and comprehensive look at how race and social class impact each stage from application and admission to enrollment and student life on campus Arguing that elite higher education contributes to both social mobility and inequality the authors investigate such areas as admission advantages for minorities academic achievement gaps tied to race and class unequal burdens in paying for tuition and satisfaction with college experiences The book's analysis is based on data provided by the National Survey of College Experience collected from more than nine thousand students who applied to one of ten selective colleges between the early 1980s and late 1990s The authors explore the composition of applicant pools factoring in background and selective admission enhancement strategies including AP classes test prep courses and extracurriculars to assess how these strengthen applications On campus the authors examine roommate choices friendship circles and degrees of social interaction and discover that while students from different racial and class circumstances are not separate in college they do not mix as much as one might expect The book encourages

greater interaction among student groups and calls on educational institutions to improve access for students of lower socioeconomic status No Longer Separate Not Yet Equal offers valuable insights into the intricate workings of America s elite higher education system

This Captivating Realm of Kindle Books: A Detailed Guide Revealing the Benefits of Kindle Books: A Realm of Ease and Flexibility E-book books, with their inherent portability and simplicity of access, have freed readers from the constraints of hardcopy books.
