Introduction to Yoga
This book is going to tell you a little bit about yoga I am not going to go very deeply in to the esoteric and traditional aspects of yoga because that knowledge is only gained through years of training by a wise and experienced guru but you are going to get to know more about this ancient tradition which has come down to benefit mankind down the ages
What is Yoga
Ask any health conscious person this question and he is going to inspect the ceiling thoughtfully and say something on the lines of ahhh umm Is not yoga made up of some exercise routines in which you lie down on a mat and twist your body into different shapes
These exercises are to get rid of weight and will make sure that you keep fit fine and healthy
When you nod and say Go on he is going to continue enthusiastically
And then you are going to be chanting some mantras all the time that you are doing these exercises because that is the way it is done
Hold it right there
You are right that yoga is basically a set of exercises but let me explain about the idea of mantras and chanting
This idea that you have to chant instant mantras in praise of the gods is perhaps the reason why so many people are not taking benefit of this ancient Eastern tradition
That is because they consider this to be religion area and civilization specific
This is definitely not so
An American friend once asked me if I practiced yoga being an Indian I nodded and she replied a bit bewildered
But you are not a Hindu
So why would you want to practice yoga
And then she shrugged her shoulders and said Well I guess it is just a passing phase this interest in yoga
This was 20 years ago and for all those people out there who still are under the impression that yoga is a religion specific tradition let me tell you a little bit about this ancient traditional way of keeping healthy
And I am glad to see that she has been proven wrong because Yoga is definitely not a fad
It is not here today gone tomorrow
More and more people in the West and also all over the world are getting interested in this natural way of keeping healthy and physically emotionally spiritually and mentally fit
Yoga has been around for more than 5000 years
It has been practiced in Asia in different ways and under different names with one goal achievement of spiritual harmony and physical well being
The Chinese have their own version of yoga Taichi and Taijiquan which includes mental and physical exercises

including meditation So have plenty of old Eastern civilizations down the ages Yoga is a state of mind it is also the art of living in which the mind body and spirit work in tandem to achieve the state of mental physical and emotional harmony And if that is too philosophical for you you can consider yoga to be a system in which you are getting in touch with your mind body and spirit in a really positive manner **The Weiser Concise Guide to Yoga for Magick** Nancy Wasserman,2025-09-12 Yoga today connotes many images and ideas from holy men on a high mountaintop to throngs of young women toting designer mats Yoga meaning union is actually a many layered discipline designed to help an individual attain health serenity focus and ultimately union with the Divine Aleister Crowley was one of the first Europeans to practice yoga and believed the practice was essential to spiritual growth stating that Magick is a Pyramid built layer by layer The work of the Body of Light with the technique of Yoga is the foundation of the whole This succinct and uniquely helpful book explores the frequently overlooked importance of bringing a healthy body and a clear thinking mind to the practice of ceremonial magick or Wicca While many books on magick discuss the importance of ritual almost none point to the physical spiritual and moral quality necessary to make those rituals effective Spiritual power demands physical health and the contemporary western practitioner can learn much from the ancient tradition of yoga **The Secret Power of Yoga, Revised Edition** Nischala Joy Devi,2022-05-10 The definitive feminine interpretation of Patanjali s Yoga Sutras now expanded to include all four padas Yoga is best known for its power to create a healthy body but the emotional and spiritual benefits of the practice are even greater In The Secret Power of Yoga Nischala Joy Devi offers a simple elegant and deeply personal interpretation of Patanjali s Yoga Sutras the principles at the basis of Yoga practice Hers is a heart centered intuitive feminine perspective and the first translation intended for women Her interpretation beautifully captures the spirit of each sutra and her suggested practices offer numerous ways to embrace the spirituality of Yoga throughout your day The original edition summarized the final two padas with the intention of encouraging curiosity about further practice without overwhelming the reader But today there is more focus on the importance of understanding the foundation of yoga than ever With so many making a commitment to the practice of Yoga to further their own spiritual growth and development Devi believes now is the time to give more and has provided additional commentary and practices making The Secret Power of Yoga a complete scripture **Yoga Journal** ,2005-07 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **Yoga Revolution** Jivana Heyman,2021-12-07 It is time to address the dissonance between the often superficial way yoga is currently being practiced and the depth of yoga s ancient universal spiritual teachings In this clarion call to action Jivana Heyman offers a blueprint for cultivating a practice based in the ancient wisdom of the Bhagavad Gita and the Yoga Sutras in service of those experiencing exclusion and oppression Heyman illuminates the yogic

mandate of seva or acts of service that see care for and uplift those around us as a way to serve the world without losing your way Through pose sequences practice prompts such as Embracing Failure and stories from yoga teachers who are implementing seva in their classes Heyman shows you what it means to serve how to serve and how to promote inclusivity through your service Our job says Heyman is not to clear our mind through yoga practice but rather to expand it so widely that it can embrace the entire universe **Teaching Hatha Yoga** , Sri Aurobindo and His Yoga M. P.
