The Ghost Next Door Mark Alan Morris,2004-01-04 A collection of chilling stories eerily believable and truly spooky very strongly recommended Midwest Book Review Most people think of ghosts as rare elusive creatures that are more or less inaccessible to the average Joe Sure we read about them watch TV shows about them and tell stories about them but we ll probably never run into one right Don t be so sure Even if you ve never personally encountered a ghost chances are you know someone who has The Ghost Next Door takes a revealing look into the lives of average everyday people from across the country who have had experiences in the realm of the unexplained Whether you re a true believer in ghosts or a hard nosed skeptic you re sure to get a chill or two when you read about the woman who was visited by her grandfather on the night of his funeral Or the man who was forced to move by a troublesome spirit only to find it had followed him As you make your way through these and other genuinely spooky stories you ll probably find that ghostly encounters are a lot more common than you had imagined Could there be a haunted house in your town Perhaps on your very street Maybe even right next door
