The Allied Defense of the Malay Barrier, 1941-1942 Tom Womack, 2015-12-01 Though few realize it the Netherlands East Indies were the object of Japan's attack on Pearl Harbor in December 1941 Likewise their invasions of Guam Wake Island and the Philippines were mainly diversionary operations to safeguard their main assault on Dutch and British colonies Since the end of World War I Japan had coveted the vast East Indies oil reserves and the colony had feared invasion since Germany overran Holland in May 1940 Isolated politically the weakly defended archipelago was a tempting prize The East Indies government initially maintained a strict policy of neutrality while desperately working to build up its military strength As Japanese actions pushed the region toward war the Dutch reluctantly embraced closer ties with America and Britain For a brief period the East Indies were key players in Pacific War strategy This book details for the first time in English the Dutch prewar strategy their efforts to counter Japanese espionage and their sizable though largely forgotten military contribution in the early months of the Pacific War **Ship of Ghosts** James D. Hornfischer, 2009-03-25 NEW YORK TIMES BESTSELLER

Son we're going to Hell The navigator of the USS Houston confided these prophetic words to a young officer as he and his captain charted a course into U.S. naval legend Renowned as FDR's favorite warship the cruiser USS Houston was a prize target trapped in the far Pacific after Pearl Harbor Without hope of reinforcement her crew faced a superior Japanese force ruthlessly committed to total conquest It wasn't a fair fight but the men of the Houston would wage it to the death Hornfischer brings to life the awesome terror of nighttime naval battles that turned decks into strobe-lit slaughterhouses the deadly rain of fire from Japanese bombers and the almost superhuman effort of the crew as they miraculously escaped disaster again and again until their luck ran out during a daring action in Sunda Strait There hopelessly outnumbered the Houston was finally sunk and its survivors taken prisoner For more than three years their fate would be a mystery to families waiting at home In the brutal privation of jungle POW camps dubiously immortalized in such films as *The Bridge on the River Kwai* the war continued for the men of the Houston a life and death struggle to survive forced labor starvation disease and psychological torture Here is the gritty unvarnished story of the infamous Burma Thailand Death Railway glamorized by Hollywood but which in reality mercilessly reduced men to little more than animals who fought back against their dehumanization with dignity ingenuity sabotage will power and the undying faith that their country would prevail Using journals and letters rare historical documents including testimony from postwar Japanese war crimes tribunals and the eyewitness accounts of Houston's survivors James Hornfischer has crafted an account of human valor so riveting and awe inspiring it's easy to forget that every single word is true **BONUS** This edition contains an excerpt from James D. Hornfischer

Bailey,2024-02-01 Brought to life by the personal accounts of six Navy pilots and one British POW this is the history of the U S Navy airstrikes on Japanese held Hong Kong Commander John Lamade started the war in 1941 a nervous pilot of an antiquated biplane Just over three years later he was in the cockpit of a cutting edge Hellcat about to lead a strike force of 80 aircraft through the turbulent skies above the South China Sea His target Hong Kong As a storm of antiaircraft fire darkened the sky watching from below was POW Ray Jones For three long years he and his fellow prisoners had endured near starvation conditions in a Japanese internment camp Did these American aircraft he wondered herald freedom Trawling through historic records Steven K Bailey discovered that the story of the U S Navy airstrikes on Japanese held Hong Kong during the final year of World War II had never been told Operation Gratitude involved nearly 100 U S Navy warships and close to a thousand planes Target Hong Kong brings this massive operation down to a human scale by recounting the air raids through the experiences of seven men whose lives

intersected at Hong Kong in January 1945 Commander John D Lamade five of his fellow U S Navy pilots and the POW Ray Jones Drawing upon oral histories diary transcripts and U S Navy documents this book expertly narrates the intertwined experiences of these servicemen to bring the history to life
