OCHAI, 2019-06-01 Every human being has the seed of greatness in the inside of him, and greatness in life is not by chance but a conscious thing that is brought to line, light, through the force, diligence, and determination. One of the platforms through which God materializes our greatness is through the gift He has deposited in us. Those who fly high in life are those who have discovered, developed, and put to work the gift of God in their lives. In this book, David Ochai shares great secrets that will help you unfold the great potentials that are resident within you and how you can use your gift to advance to the place of greatness in life. In this book, you will discover and understand The true meaning of a gift. How to discover your gifts. How to deal with the errors that hinder people from fully maximizing their gifts. How to develop your gifts. How to become relevant through your gift in life. Your uniqueness and how to utilize it in order to become astounding. **The Gifts We Can Afford to Give Our Children** Patti Blamire, 2015-04-07 What does it take to become a teacher, a nurse, an accountant, or a plumber? It takes a few years of study and/or apprenticeship. Being educated for our chosen career gives one the knowledge and confidence to succeed in that vocation. What does it take to become a parent? Usually, little more than a few moments of pleasure. Which education system prepares us for our role as parents? I believe that being a Mom or a Dad is THE most important career assignment we will ever be given, and yet we receive little or no preparation for this life-long task. In the past, parents produced many children in order to compliment their challenging work load. Today, however, most parents would like to give their children more than what they themselves have had; they also want them to have a happy and comfortable childhood, and then they envision success, fulfillment, and happiness for their offspring in their adult lives. Have you thought of how you would go about assisting your child to achieve these milestones of life? The Gifts you can Afford to give your Children offers some thoughts on subjects such as The Gift of Creativity, how to help your child find the creativity within himself. The Gift of Honesty and Integrity, the value of living a truth-filled life. The Gift of Humour, finding and enjoying the lighter side of life together as a family. The Gift of Self-worth and Confidence. It also looks at finding the Light within ourselves and our children, the gentle vibration within every living cell in our Universe. It proposes a deeper, more satisfying and creative approach to raising children: a conscious and thoughtful way of exploring parenthood. **The Gift of a Child**, 1987 The Gift of ADHD Lara Honos-Webb, 2010-07-01 In the second edition of The Gift of ADHD, Lara Honos-Webb offers strategies for shifting

parents understanding of their child's attention deficit hyperactivity disorder ADHD to focus on the positive traits of this diagnosis. The book also provides step by step cognitive behavioral exercises for helping children function effectively and improving the parent child relationship.

World of the Gift Jacques T. Godbout, Alain C. Caille, 1998-10-21. The anthropologist Marcel Mauss in his famous exploration of the gift in primitive and archaic societies showed that the essential aspect of the exchange of presents involved the establishment of a social tie that bound the parties together above and beyond any material value of the objects exchanged. He argued that these intangible mutual debts constituted the social fabric. Godbout and Caill show that contrary to the modern assumption that societies function on the basis of market exchange and the pursuit of self interest the gift still constitutes the foundation of our social fabric. The authors describe the gift not as an object but as a social connection perhaps the most important social connection because it creates a sense of obligation to respond in kind. They examine the gift in a broad range of cases such as blood and organ donation, volunteer work, the bonds between friends, couples and family, Santa Claus, the interaction between performers and their audience and the relation of the artist to society. Written in an engaging manner, *The World of the Gift* will appeal to anyone who is interested in how the world really operates.

Backed by years of psychological research, this common sense practical guide reveals which parenting strategies promote truthfulness in children and which ones don't. National Parenting Product Award Winner 2023. Lying is a healthy and inevitable part of child development. But when do lies become a problem? Parents and caregivers will learn how to use stories and examples to have proactive conversations with children about honesty and how to model honest behavior for children. Talwar shows readers how to respond effectively when a child lies as they inevitably will. Backed by years of psychological research, this common sense practical guide reveals which parenting strategies promote truthfulness in children and which ones don't.
