The Gift Of Kinds The Good In Abundance

William Desmond, Joseph Grange

The Gift Of Kinds The Good In Abundance:

The Gift of Property Stephen David Ross, 2001-02-01 Explores the human propensity for owning and having *The Gift of Beauty* Stephen David Ross, 1996-07-03 Ross explores the developments in Western thought from Plato and Aristotle through Kant and Hegel when art was separated from science and philosophy At the heart of the project is a reexamination of the good found in Plato as that which makes being possible which gives authority to knowledge and beckons to art preserved in Levinas as infinite responsibility The idea of the good is interpreted as nature's abundance giving beauty and truth as gifts calling us to respond It gives rise to an ethics of inclusion expressed in art *The Gift of Touch* Stephen David Ross, 1998-08-27 Traces Western ideas of corporeal bodies from Plato to contemporary feminist and poststructuralist writings with the purpose of reexamining the good identified in Plato as that which gives authority to knowledge and truth Being and Dialectic William Desmond, Joseph Grange, 2000-07-20 Diverse voices explore the possibility of doing metaphysics in light of contemporary critiques **The Gift of Truth** Stephen David Ross, 1997-04-24 This volume traces the history of the idea of truth as an ethical movement exploring those developments in Western thought from Plato and Aristotle through Kant and Hegel when ethics was separated from science and philosophy At the heart of the project is a reexamination of the good found in Plato as that which makes being possible which gives authority to knowledge and beckons to art preserved in Levinas as infinite responsibility The idea of the good is interpreted as nature's abundance giving beauty and truth as gifts It gives rise to an ethics of inclusion **The Art of Uncertainty** Dennis Merritt Jones, 2011-06-09 What if we could learn to accept I don't know and embrace the possibility that the future is full of mystery excitement and unlimited opportunity The Art of Uncertainty is an invitation to the reader to consider its essential message learning to love the unknown by staying present in the moment If the difficulties of recent years have taught us anything particularly those who did everything right and still saw it all fall apart it's that none of us has as much control over our lives as we believe The only thing we can control is our next thought What if we could learn how to be at peace with uncertainty and embrace the possibility that the future is full of mystery excitement and unlimited opportunity What if we discovered that a new paradigm can be more fulfilling more rewarding and more peaceful than what we have known Living in the I don't know and loving it is an art form we can all master and The Art of Uncertainty is the perfect guidebook An exposition of the New Testament [from An exposition on the Old and New Testament] with a preface by C.H. Spurgeon Matthew Henry, 1886 Handbook of Faith and Spirituality in the Workplace Judi Neal, 2012-12-09 While the field of management has developed as a research discipline over the last century until the early 1990s there was essentially no acknowledgement that the human spirit plays an important role in the workplace Over the past twenty years the tide has begun to turn as evidenced by the growing number of courses in academia and in corporate training and an exponential increase in the publications emerging through creative interaction of scholars and practitioners in organizational behaviour workplace diversity sustainability innovation corporate governance leadership

and corporate wellness as well as contributions by psychotherapists theologians anthropologists educators philosophers and artists This Handbook is the most comprehensive collection to date of essays by the preeminent researchers and practitioners in faith and spirituality in the workplace featuring not only the most current research and case examples but visions of what will be or should be emerging over the horizon It includes essays by the people who helped to pioneer the field as well as essays by up and coming young scholars Among the questions and issues addressed What does it mean to be a spiritual organization How does this perspective challenge traditional approaches to the firm as a purely rational profit maximizing enterprise Is faith and spirituality in the workplace a passing fad or is there a substantial shift occurring in the business paradigm How does this field inform emerging management disciplines such as sustainability diversity and social responsibility In what ways are faith and spirituality in the workplace similar to progressive and innovative human resource practices Does faith and spirituality in the workplace bring something additional to the conversation and if so what The aim of The Handbook of Faith and Spirituality in the Workplace is to provide researchers faculty students and practitioners with a broad overview of the field from a research perspective while keeping an eye on building a bridge between scholarship and practice
